MOME 715 VIS DESIGN MUSIC COMPOSITION
PROFESSOR JAMES GLADMAN
BY ANDOR S. MATE

CONCEPT

CONCEPT:

My choice in music is “Crazy Crazy Night” by KISS because the Music has a positive flow and rhythm that makes everyone want to jump and feel happy; the unique lyrics also help as well. The song is about having a fun time, being crazy. I would be using the colors from the band logo along with black and white colors to match the band design idea. Changing shapes and textures will help the motion media animation give movement and burst of energy.

Researched:

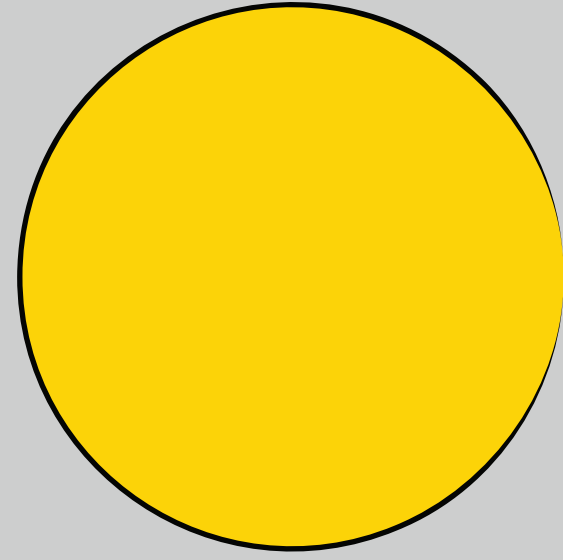

The band KISS started in 1970 when Guitarist Paul Stanley met bassist Gene Simmons in New York City. They started off with the first band, but that didn't last. In 1973 is where KISS was created with its first line up including Paul Stanley, Gene Simmons, drummer Peter Criss and guitarist Ace Frehley. The songs they developed and were known well for being rhythmic and positive. KISS is known for their distinct character in makeup. The current KISS members are Paul Stanley (Star Child), Gene Simmons (Demon), Eric Singer (The Catman), and Tommy Thayer (The Spaceman). As time goes on KISS were known for being one of the most influential rock bands of all time.

SONG LYRICS

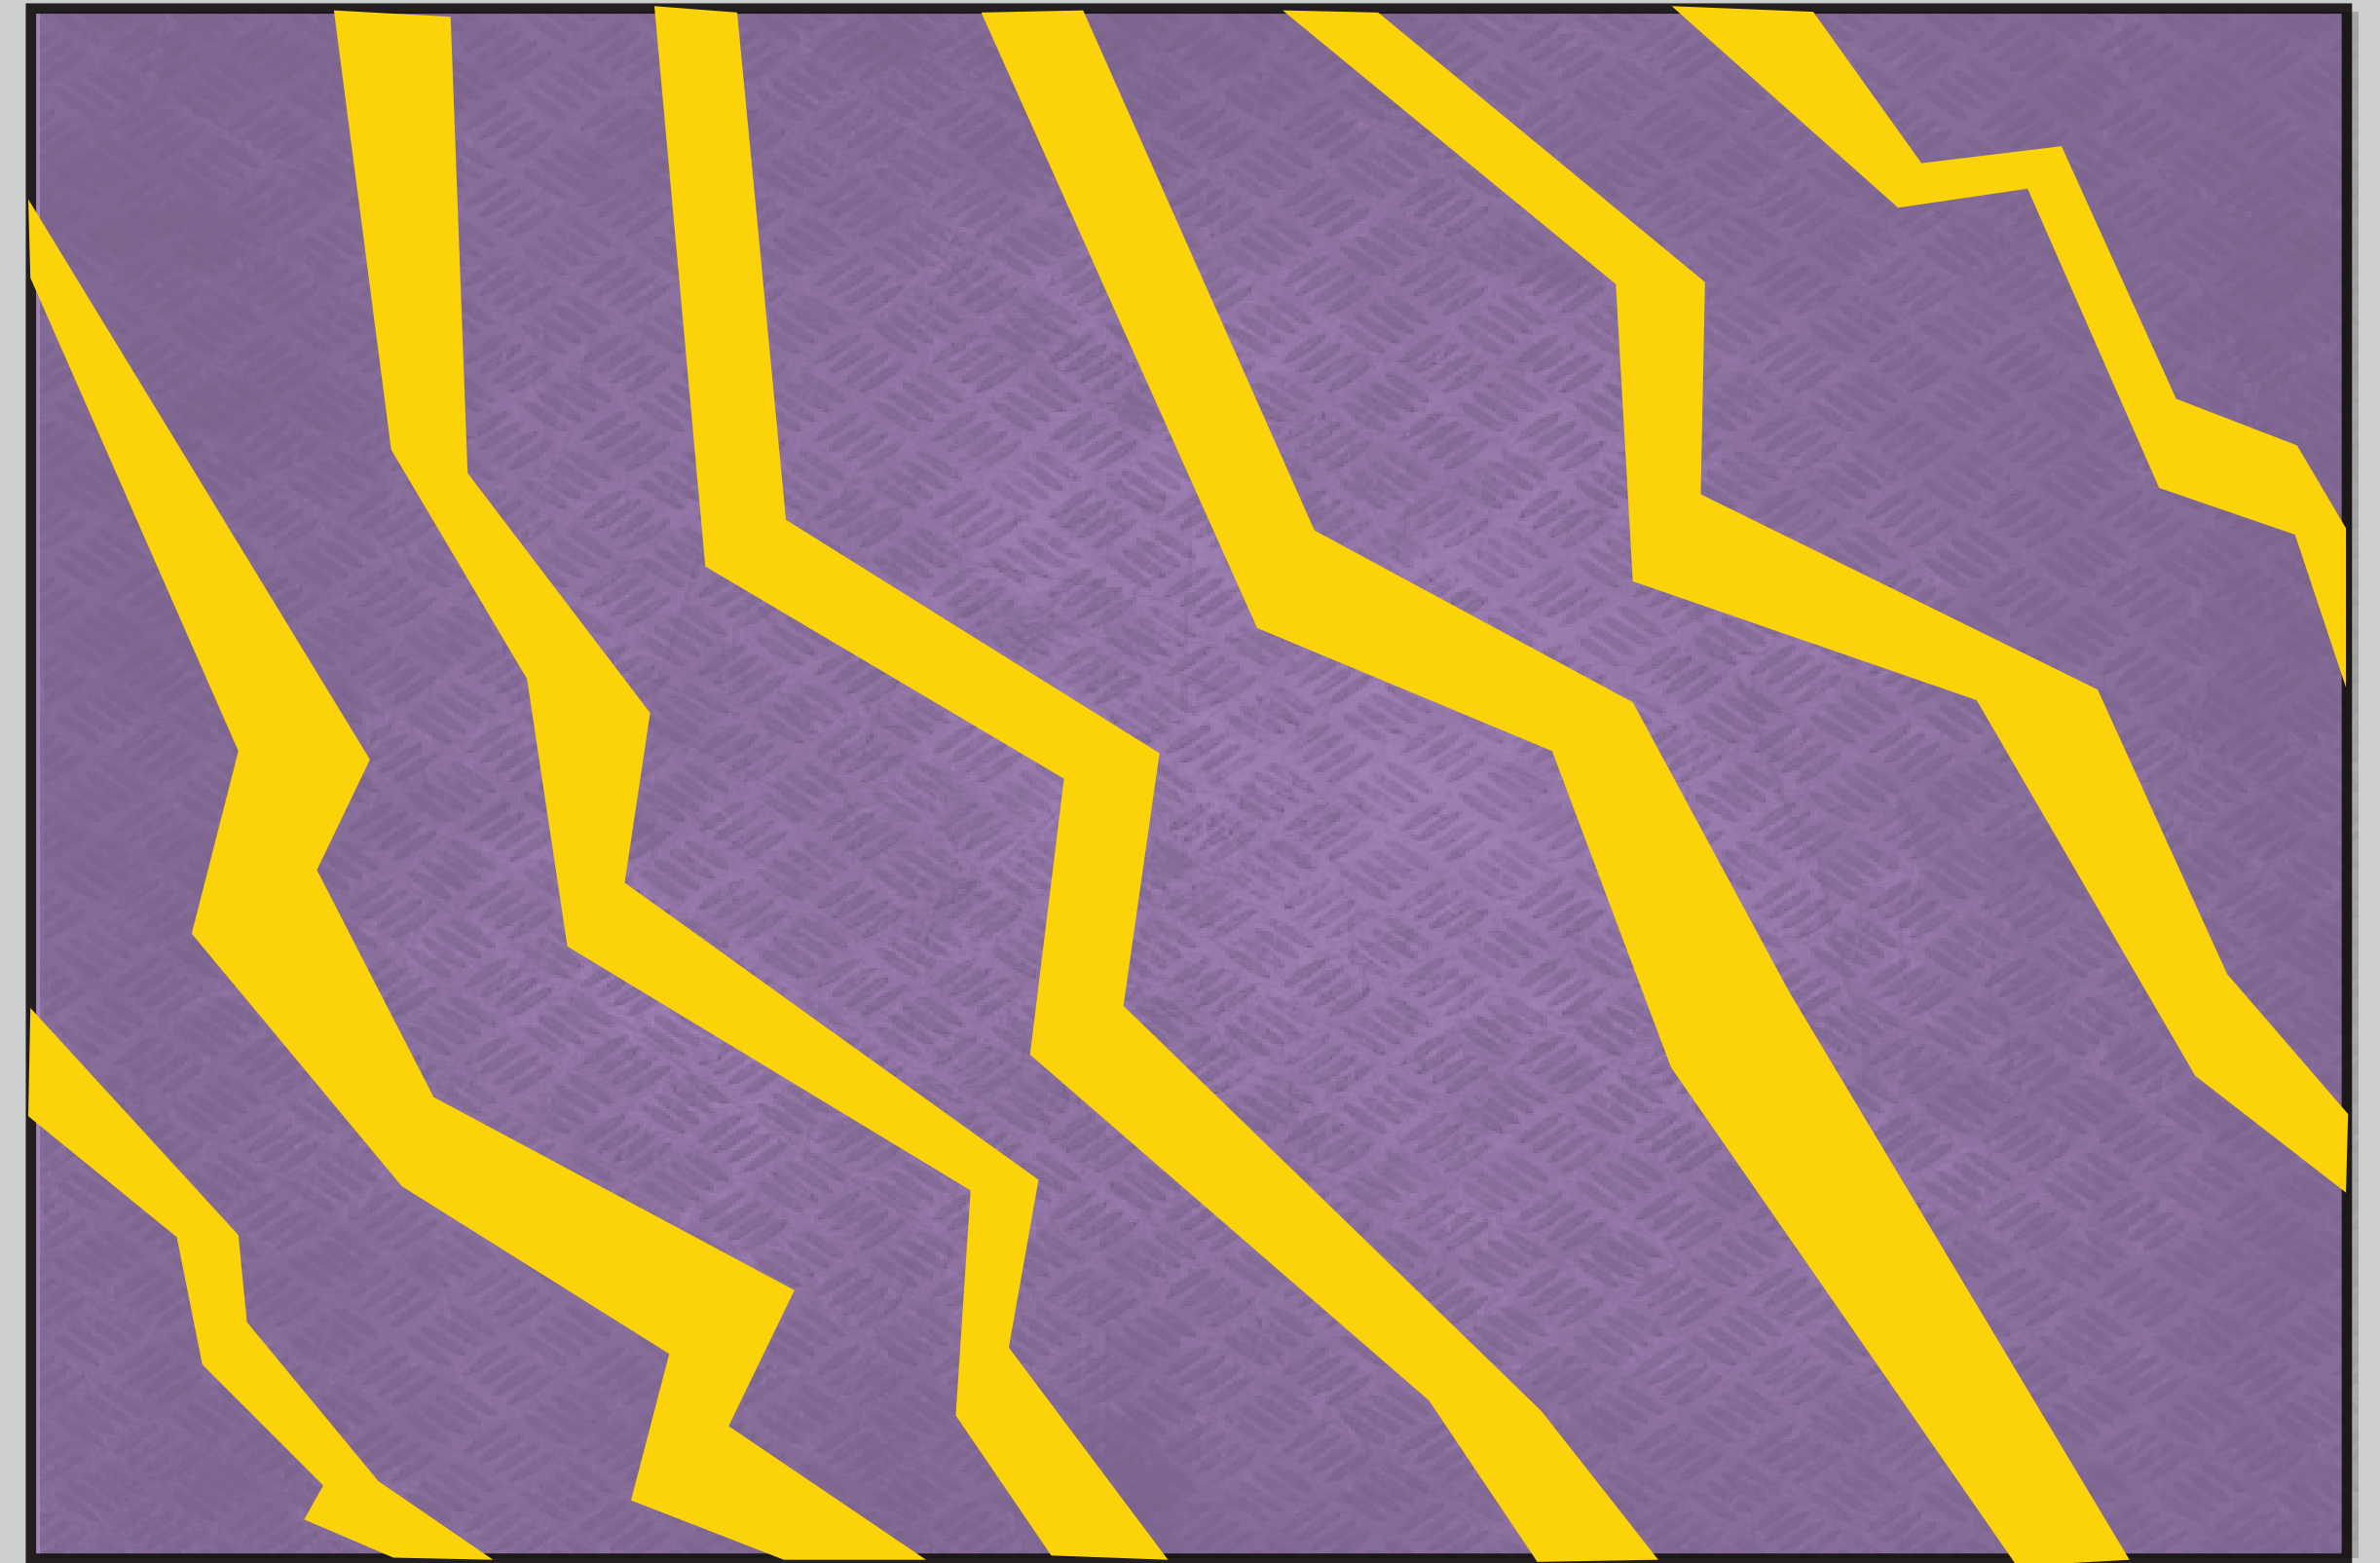

Woh!
Here's a little song for everybody out there!
People try to take my soul away
But I don't hear the rap that they all say
They try to tell us we don't belong
That's all right, we're millions strong
This is my music, it makes me proud
These are my people and this is my crowd
These are crazy, crazy, crazy, crazy nights!
These are crazy, crazy, crazy, crazy nights!
Sometimes days are so hard to survive, oh yeah
A million ways to bury you alive
Hey, the sun goes down like a bad, bad dream
You're wound up tight, gotta let off steam
They say they can break you again and again
If life is a radio, turn up to ten
These are crazy, crazy, crazy, crazy nights!
These are crazy, crazy, crazy, crazy nights!

Oh, these are crazy, crazy, crazy, crazy nights!
Come on! These are crazy, crazy, crazy, crazy nights!
Yeah! Woh!
And they try to tell us that we don't belong
But that's alright, we're millions strong
You are my people, you are my crowd
This is our music, we love it loud
Yeah, and nobody's gonna change me
'Cause that's who I am, uh!
These are crazy, crazy, crazy, crazy nights! Yeah!
These are crazy, crazy, crazy, crazy nights! O yeah!
These are crazy, crazy, crazy, crazy nights! Oh yeah!
These are crazy, crazy, crazy, crazy nights! Hey!
These are crazy, crazy, crazy, crazy nights! Yeah
These are crazy, crazy, crazy, crazy nights! Come on!
These are crazy, crazy, crazy, crazy nights!
These are crazy, crazy, crazy, crazy nights!

STYLEFRAME 1&2

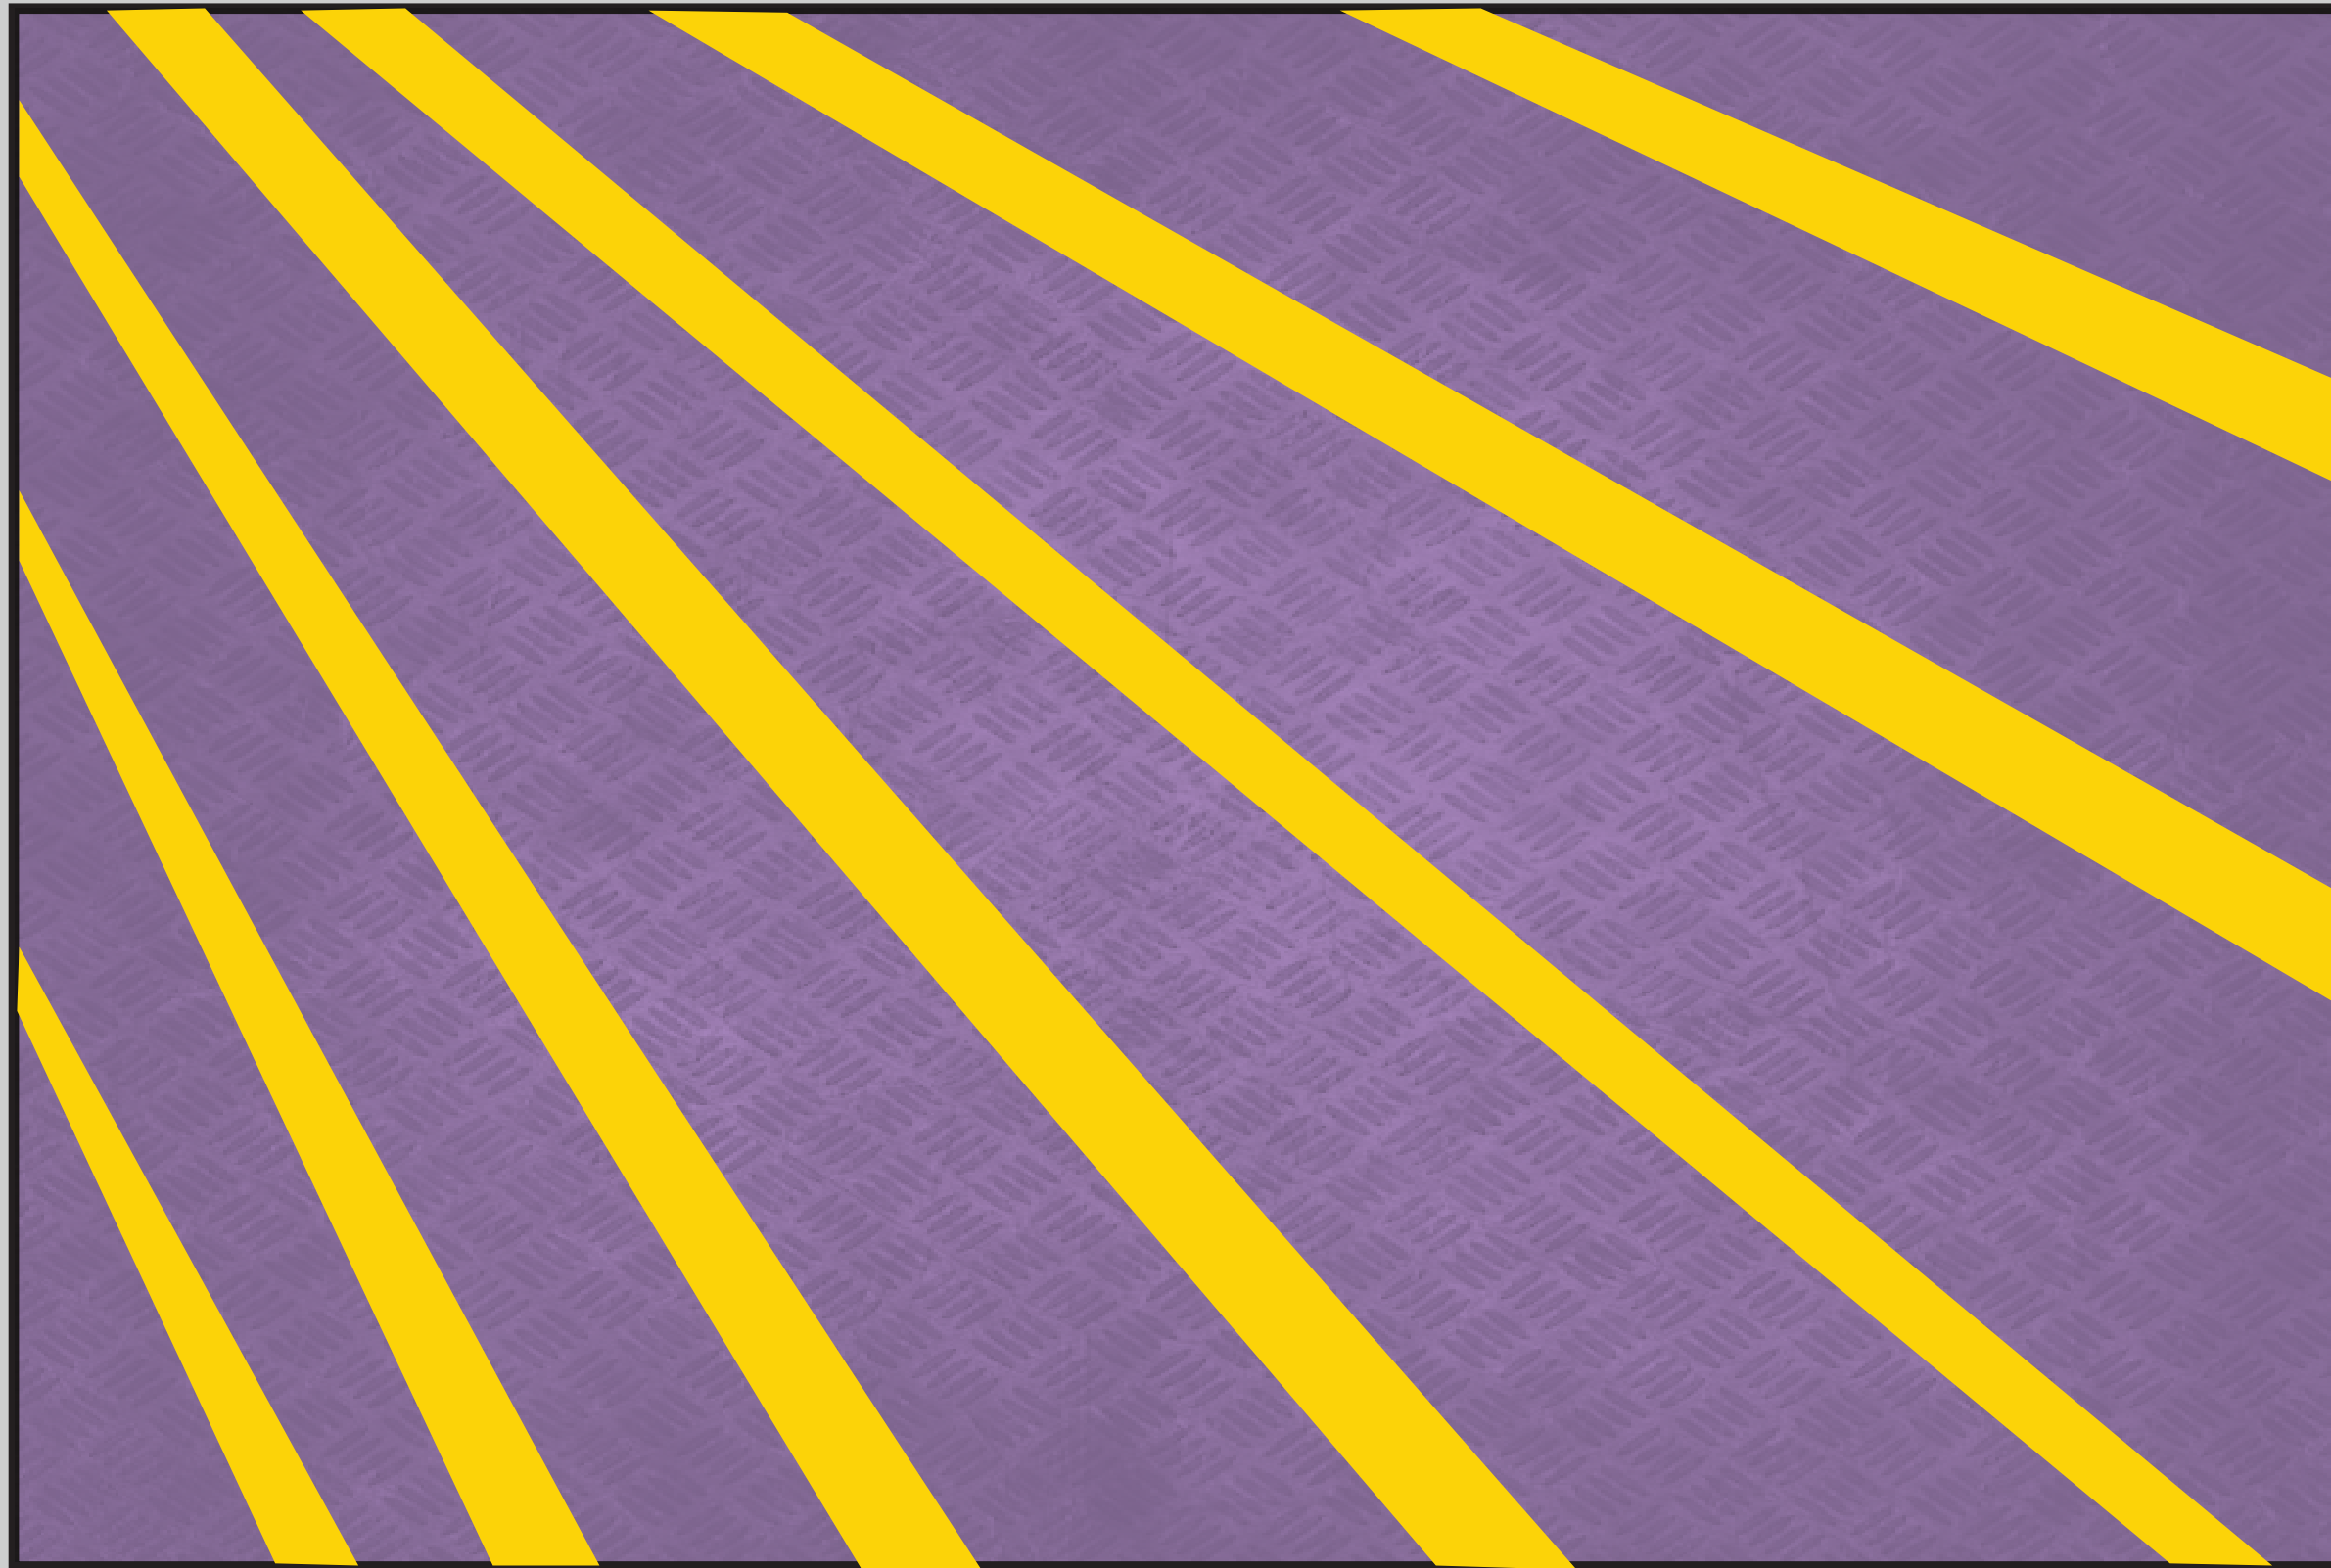

SCENE 1: The first will have an echo explosion as the song starts.

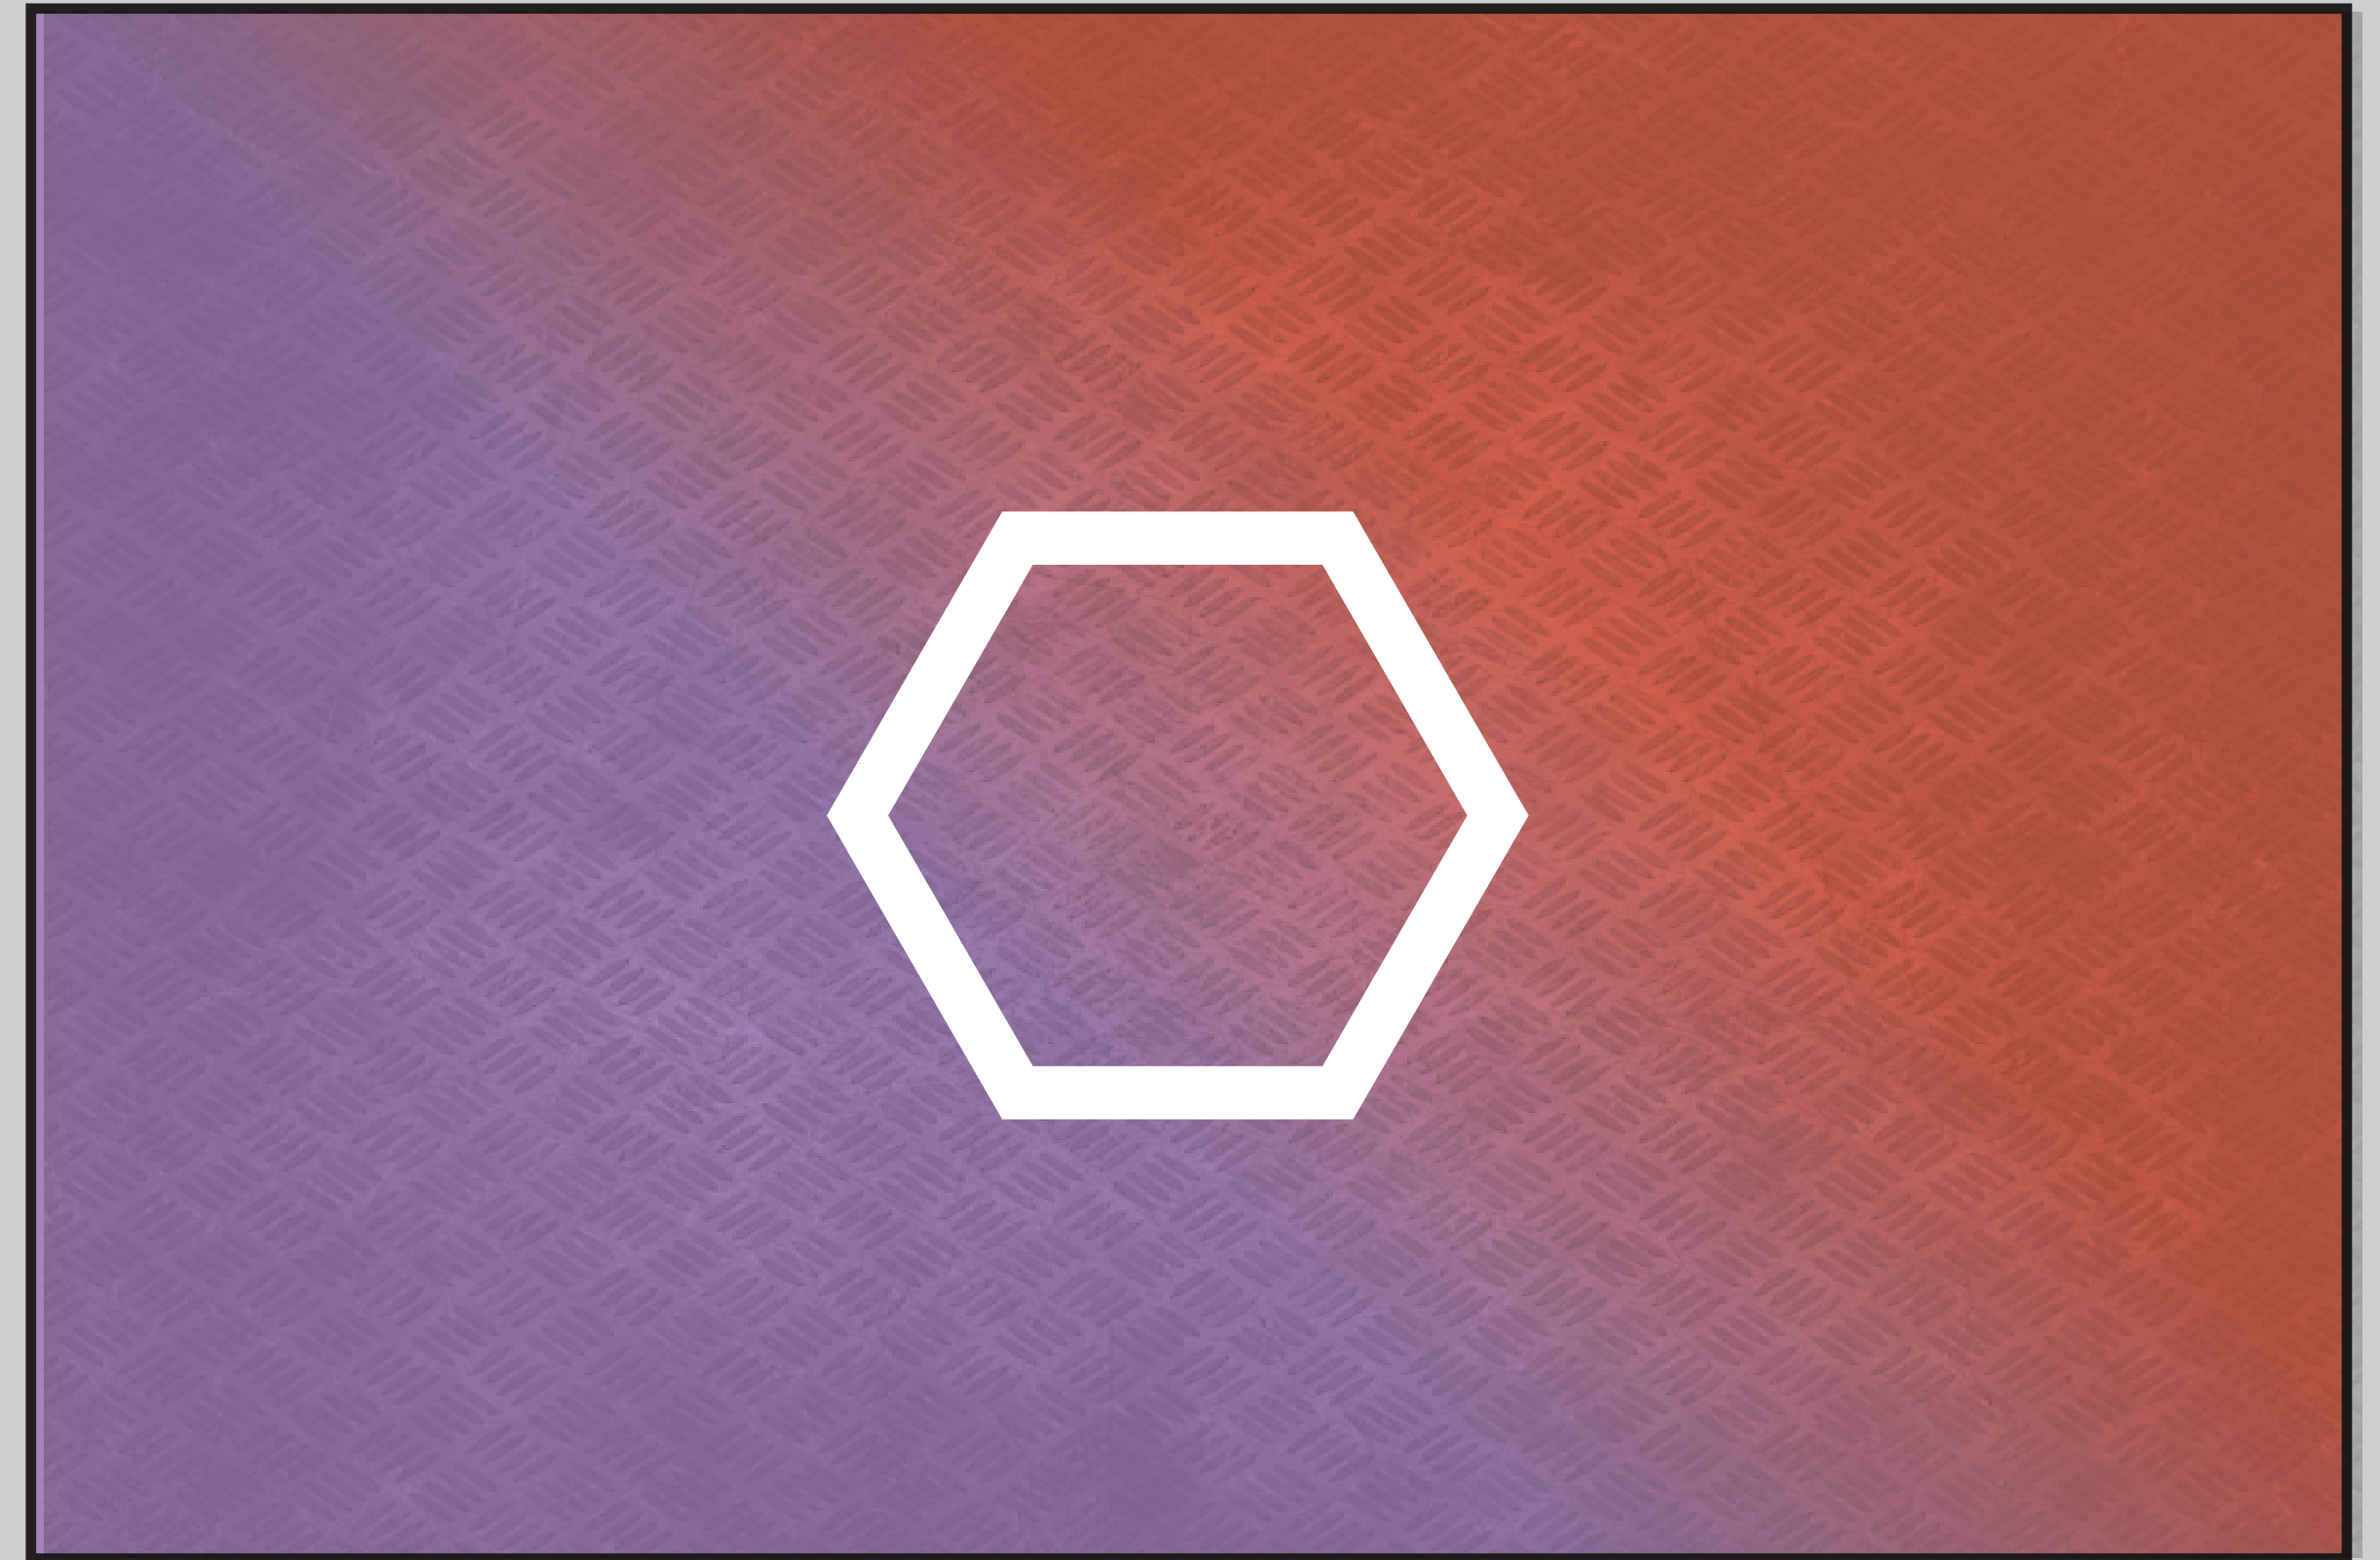

SCENE 2: A wave of zig zag lines will move from the top right corner.

STYLEFRAME 3&4

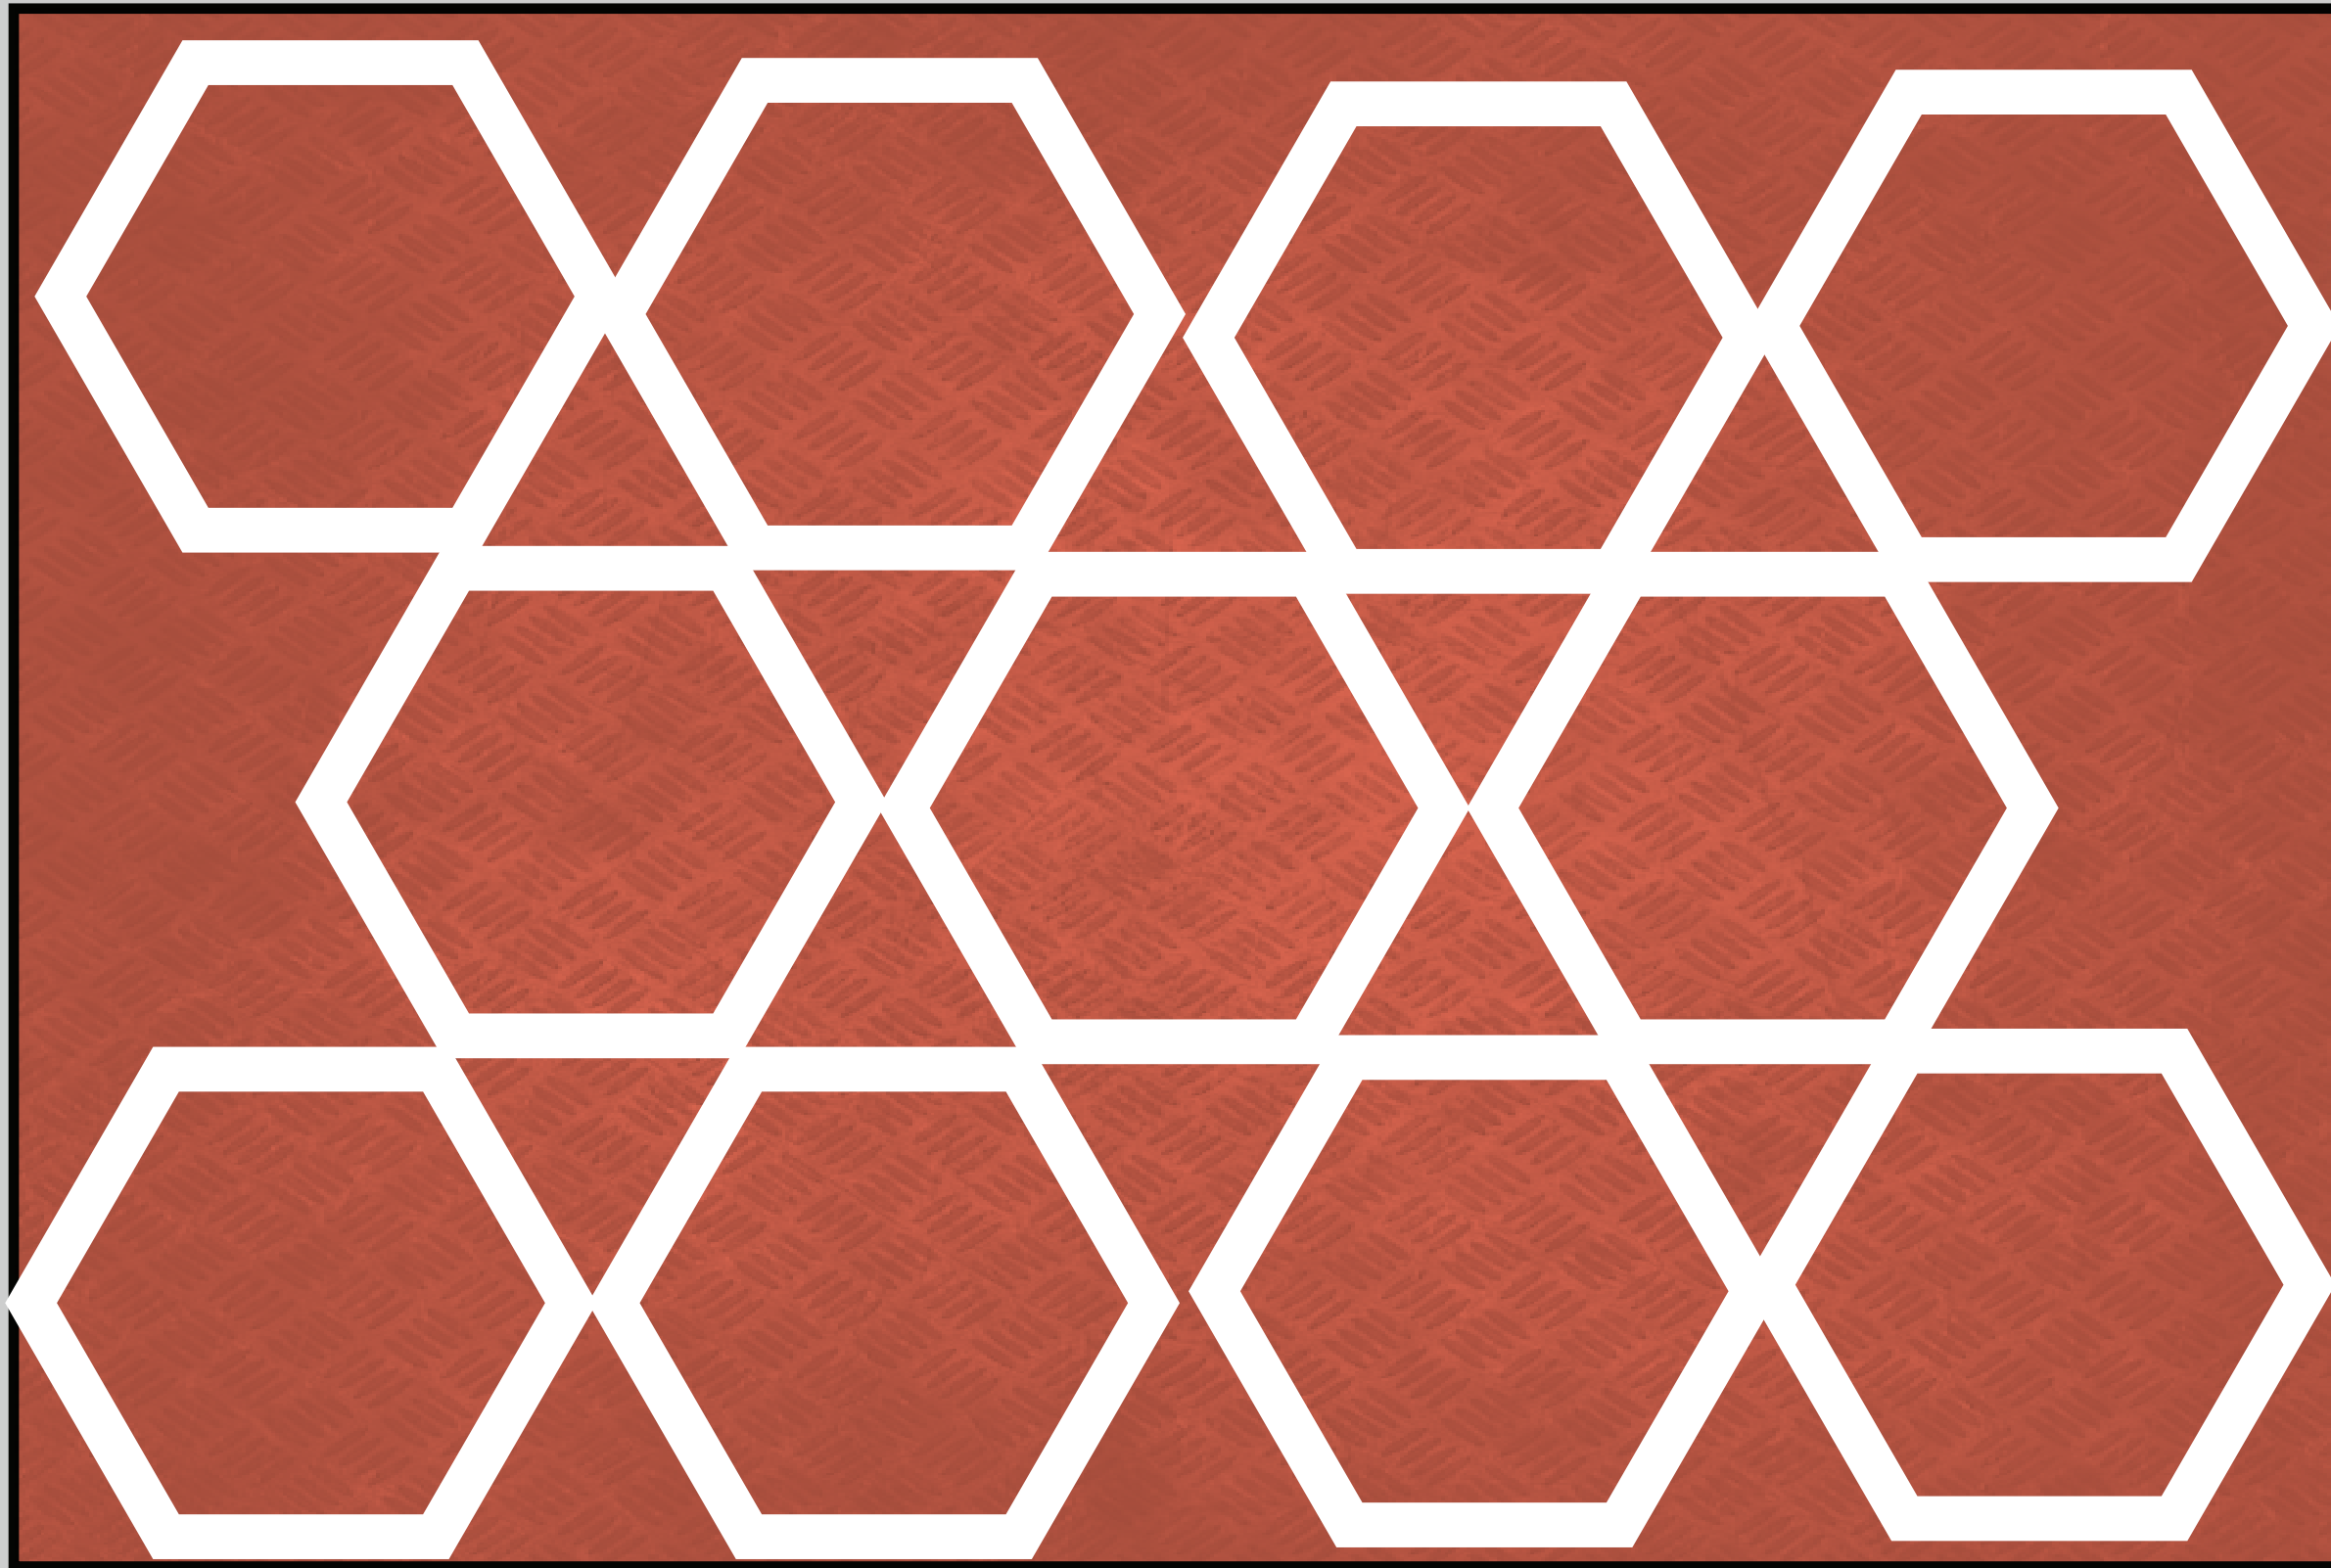

SCENE 3: The lines will straighten out and then will slightly curve like a guitar playing.

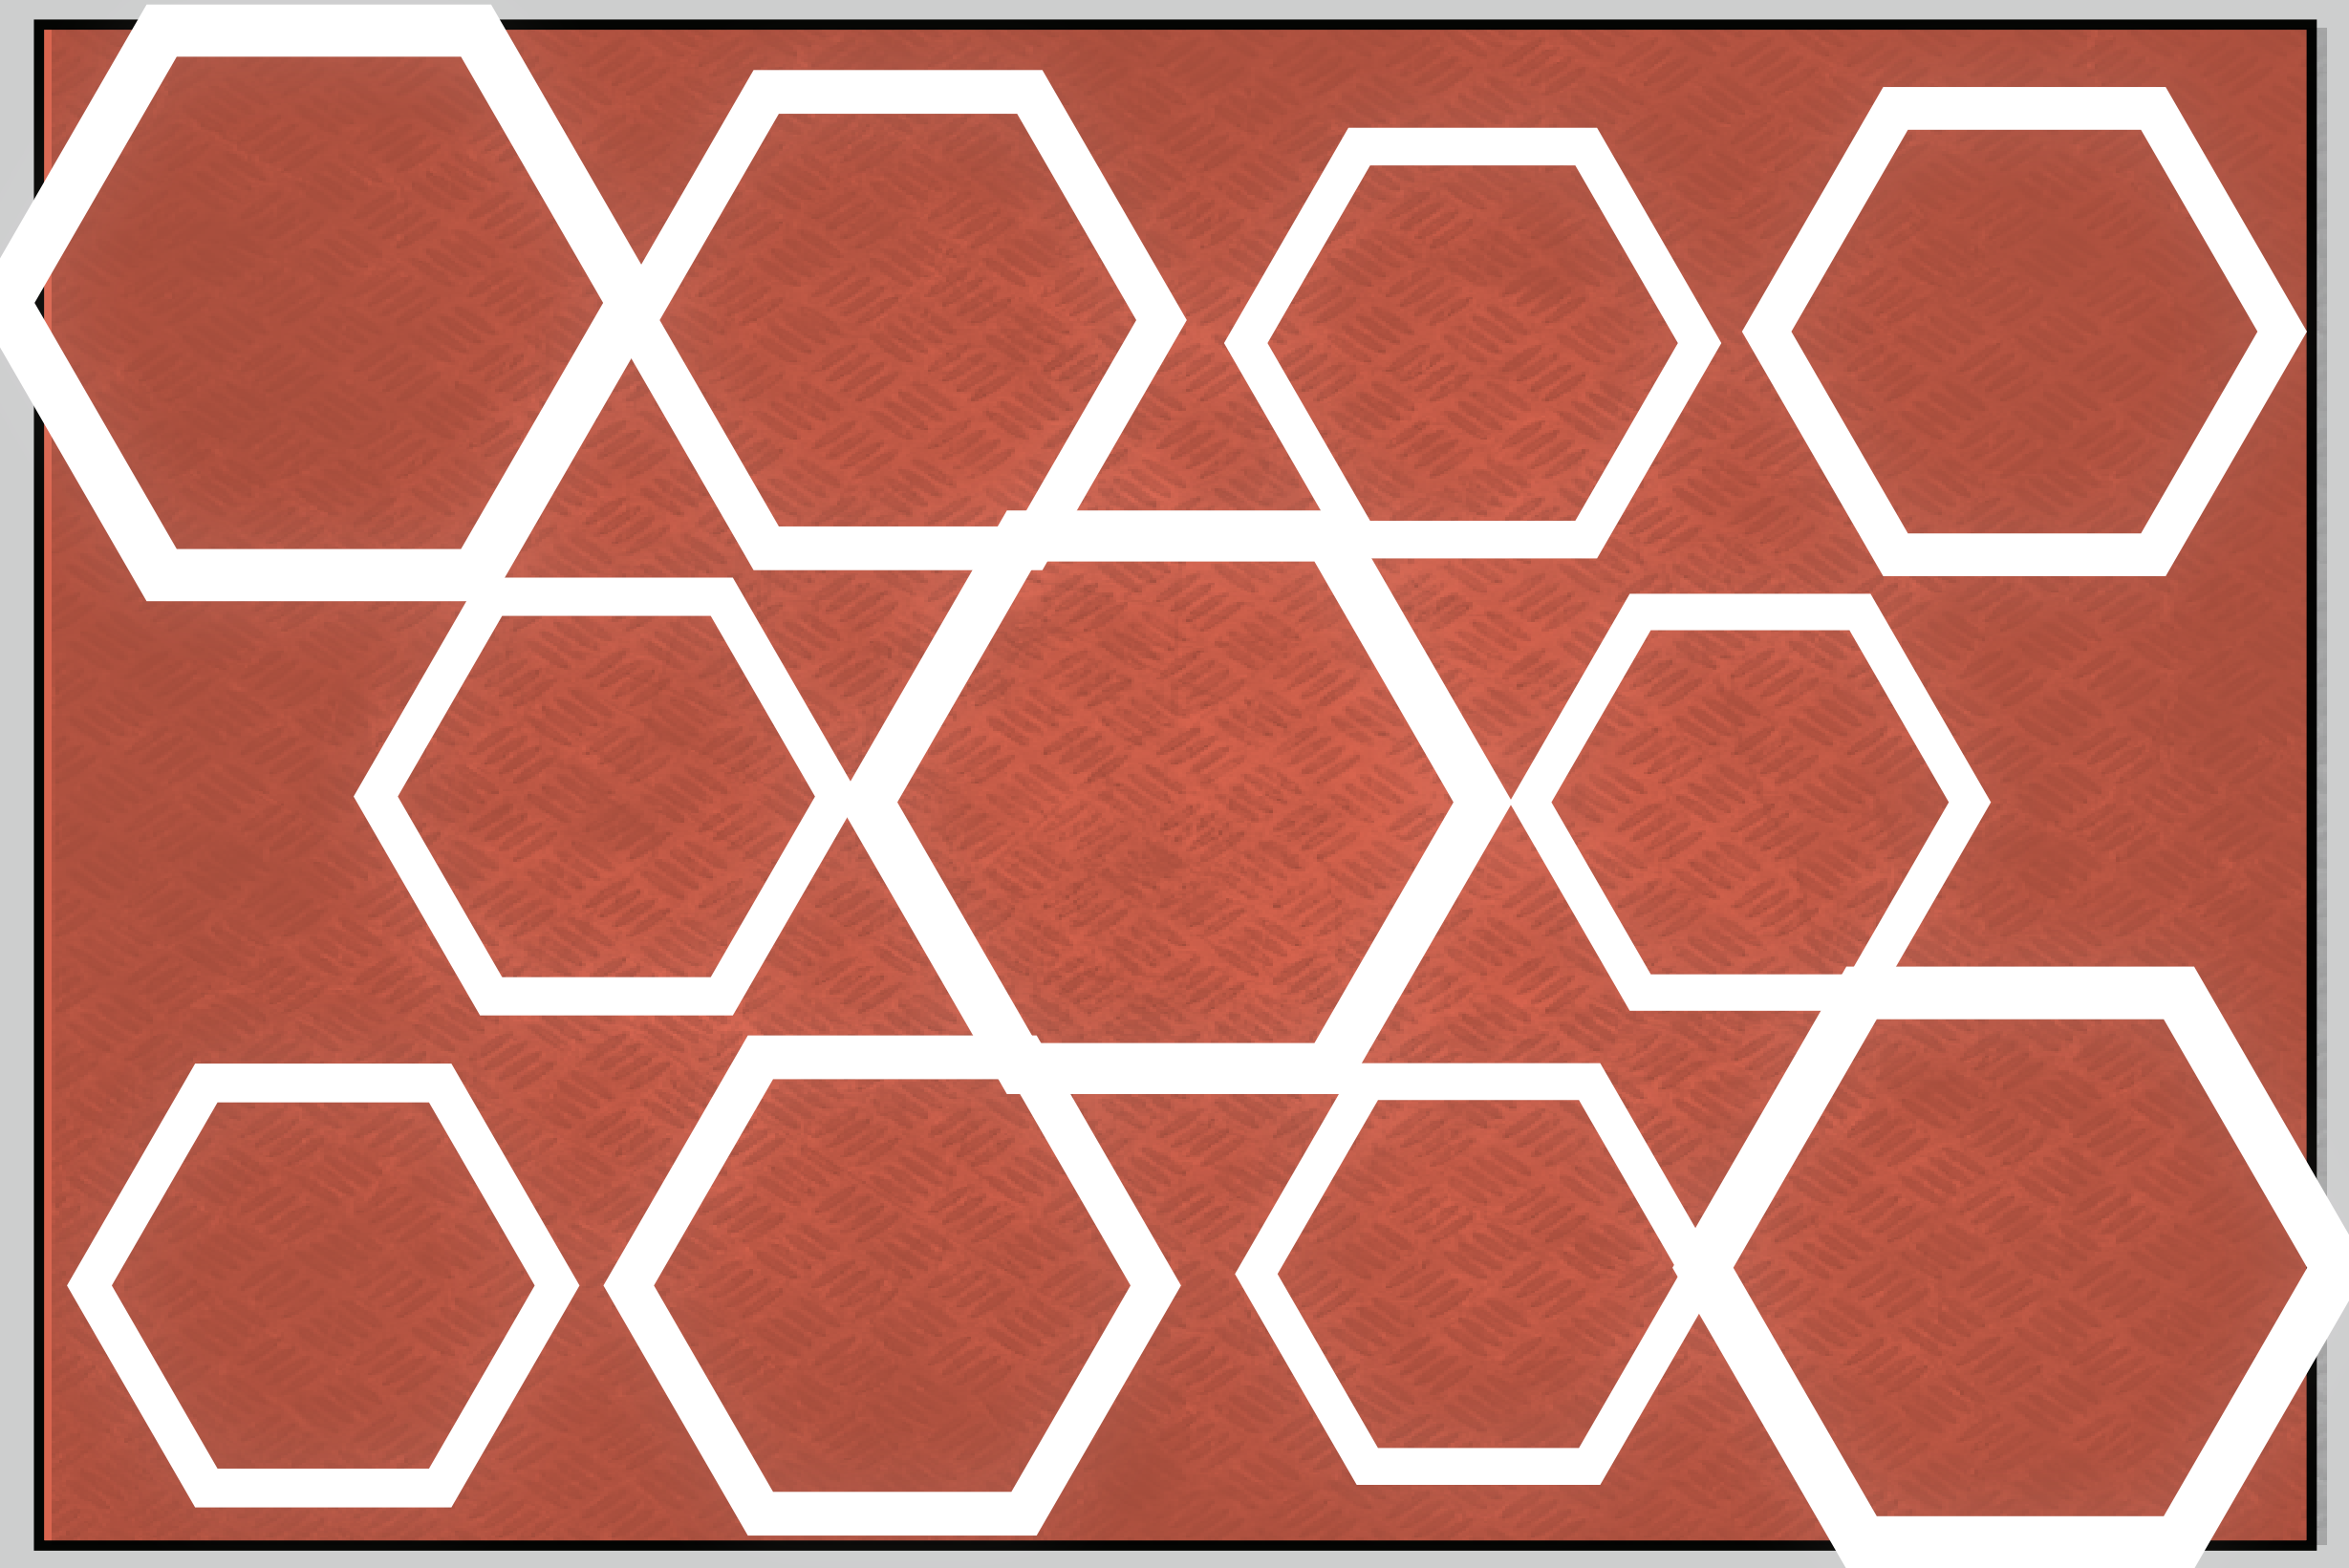

SCENE 4: A hexagon shape will drop from the top and be in the center.

STYLEFRAME 5&6

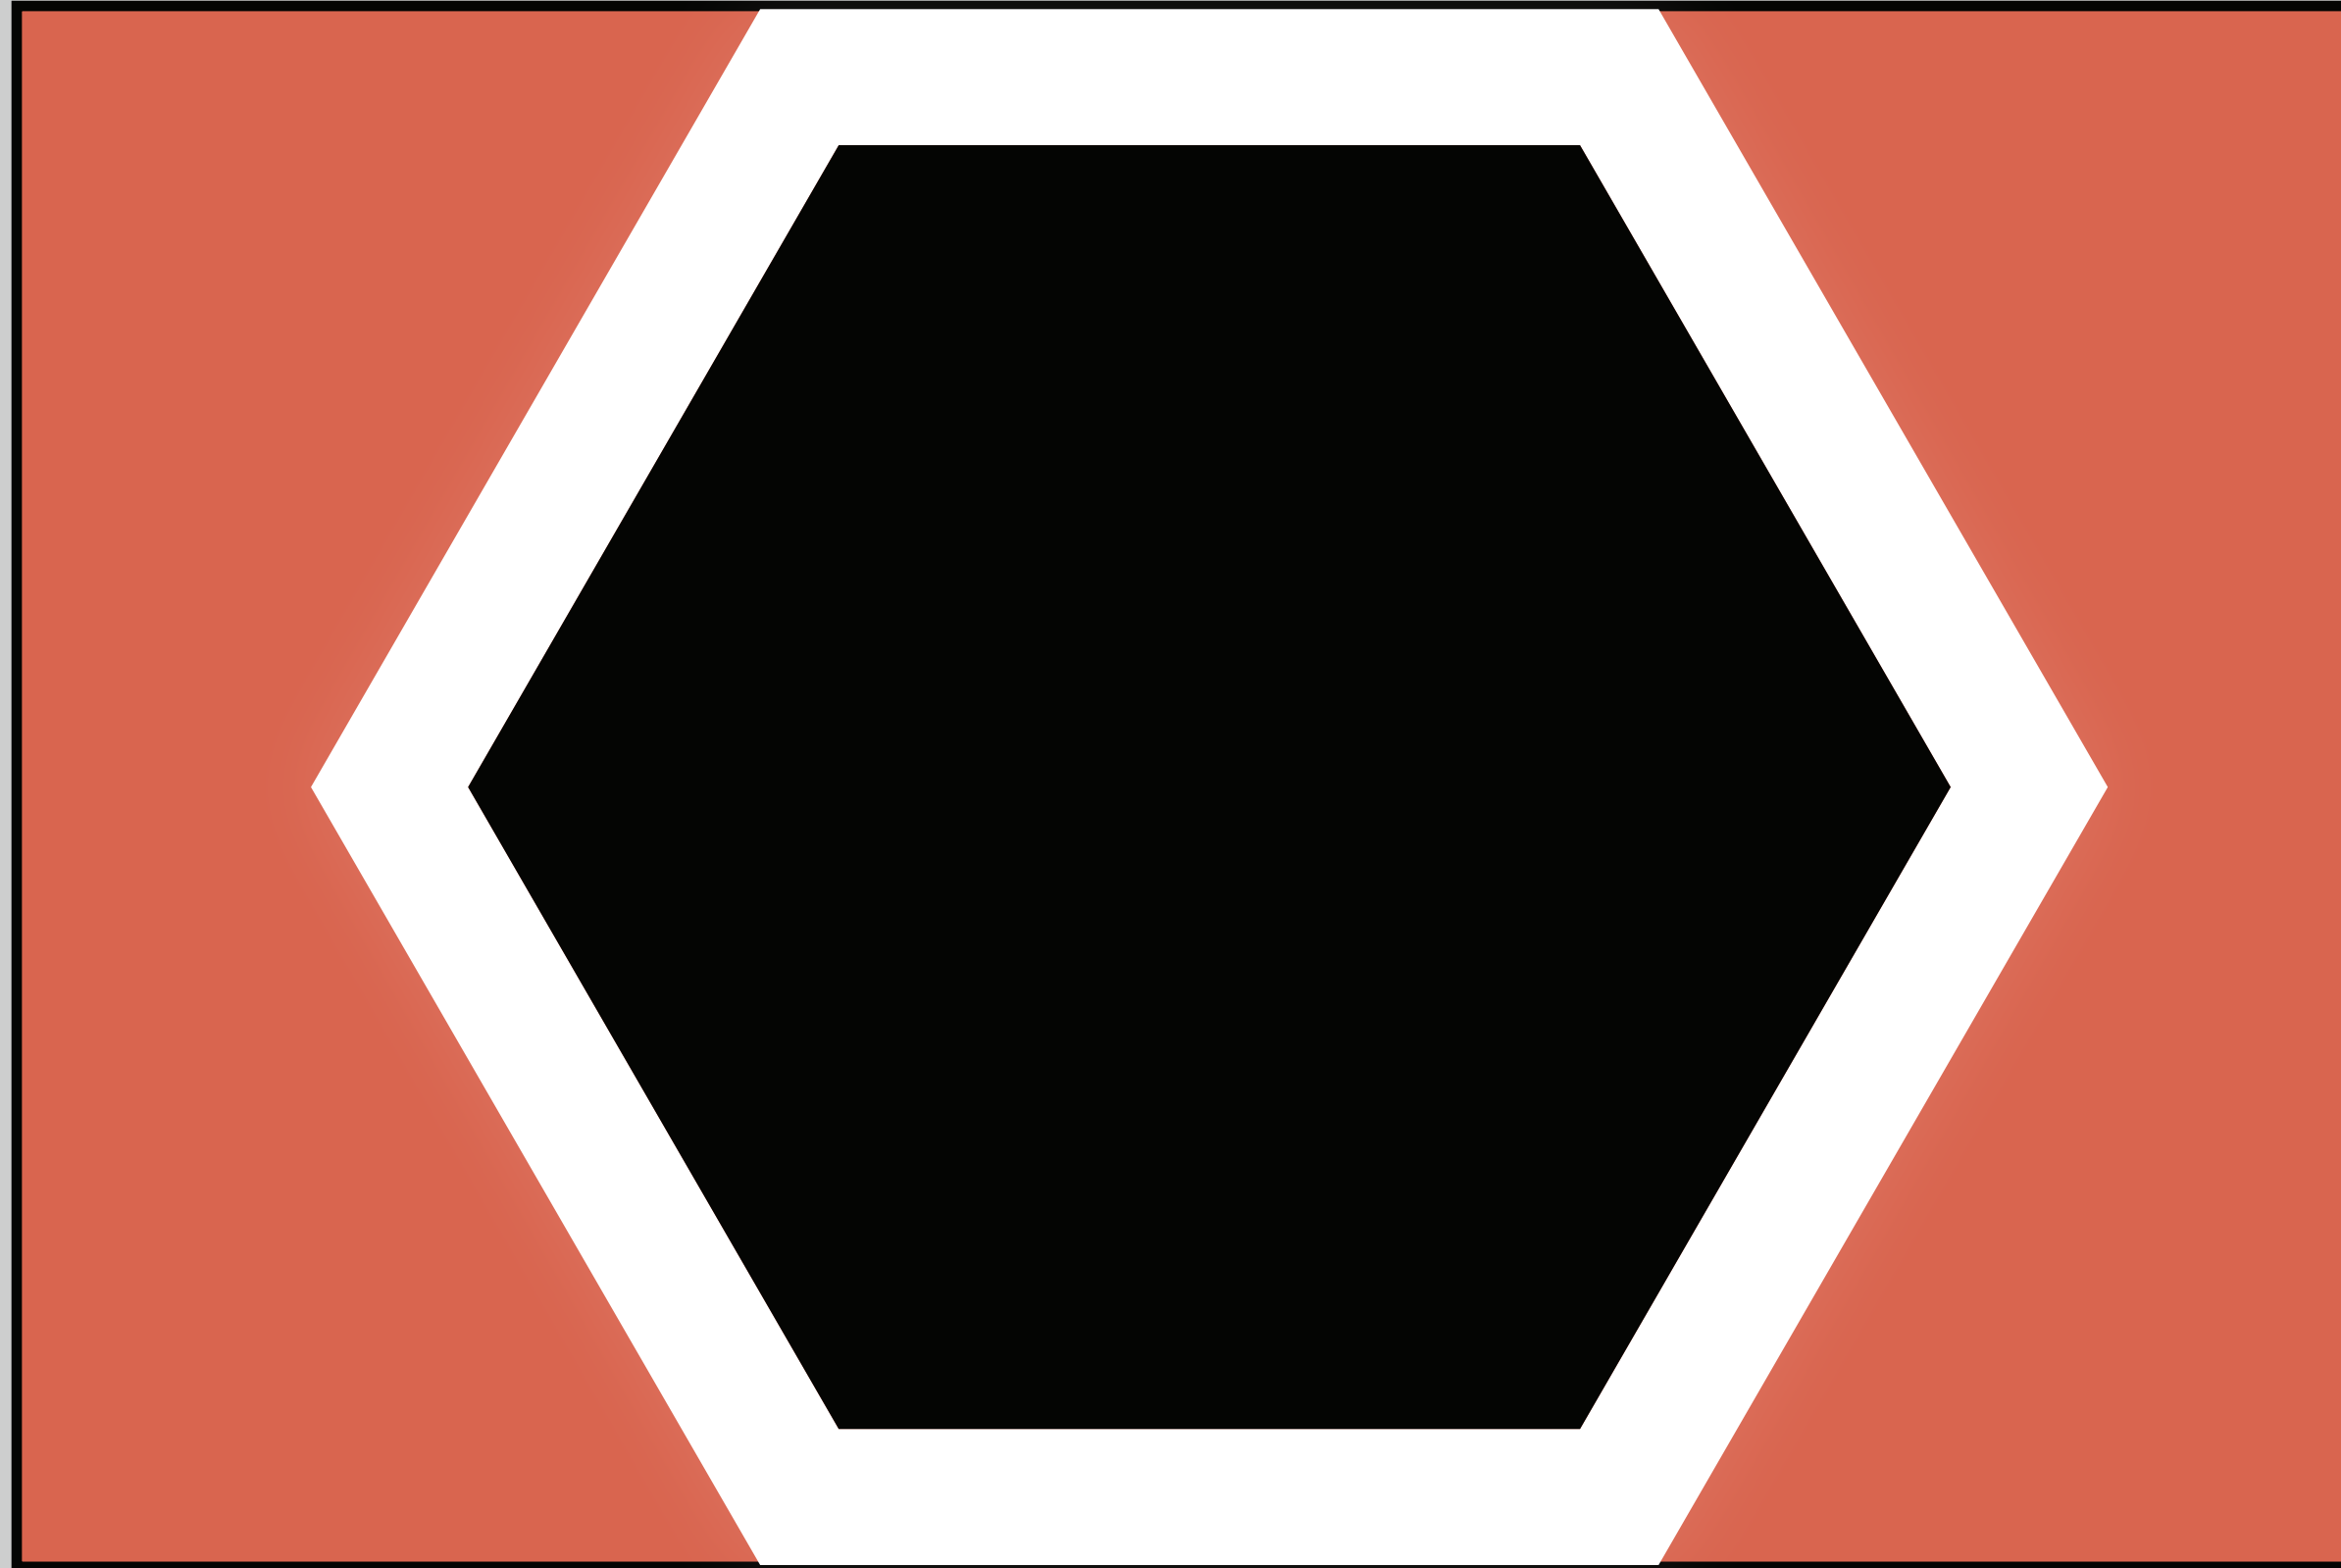

SCENE 5: The hexagon will then duplicate as if people are coming to enjoy a fun time.

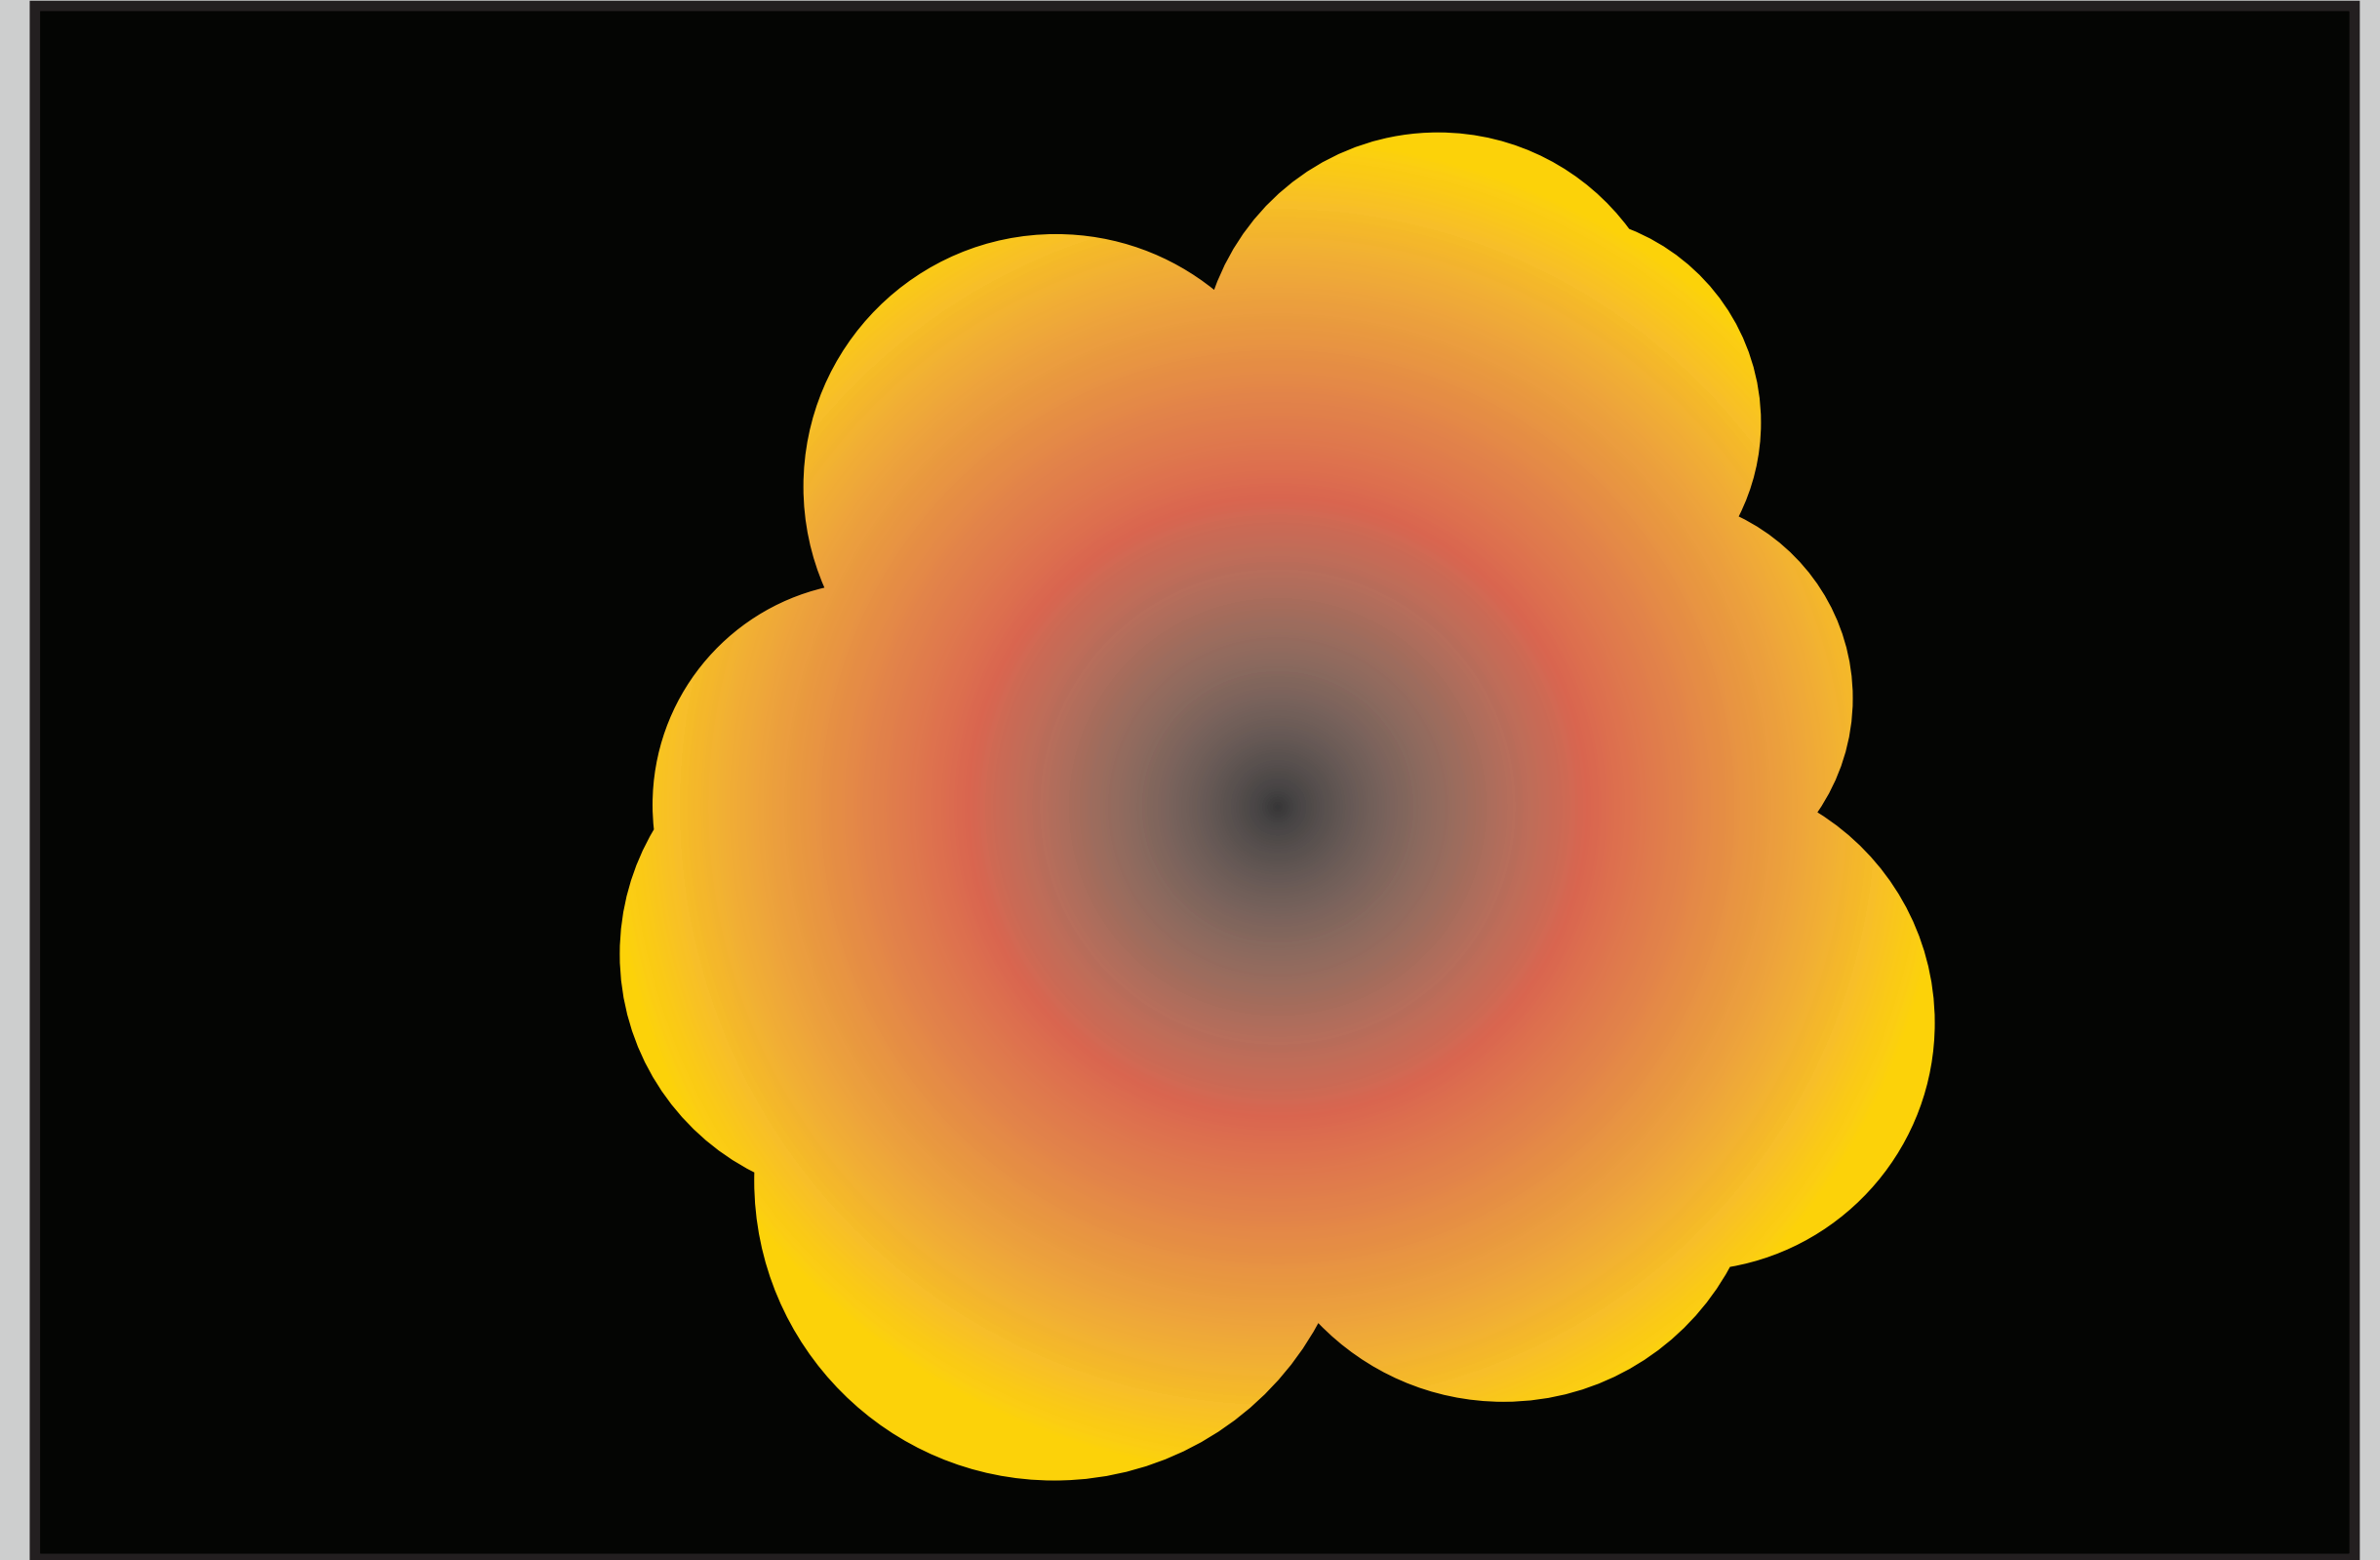

SCENE 6: Each hexagon will change their scale and glow.

STYLEFRAME 7&8

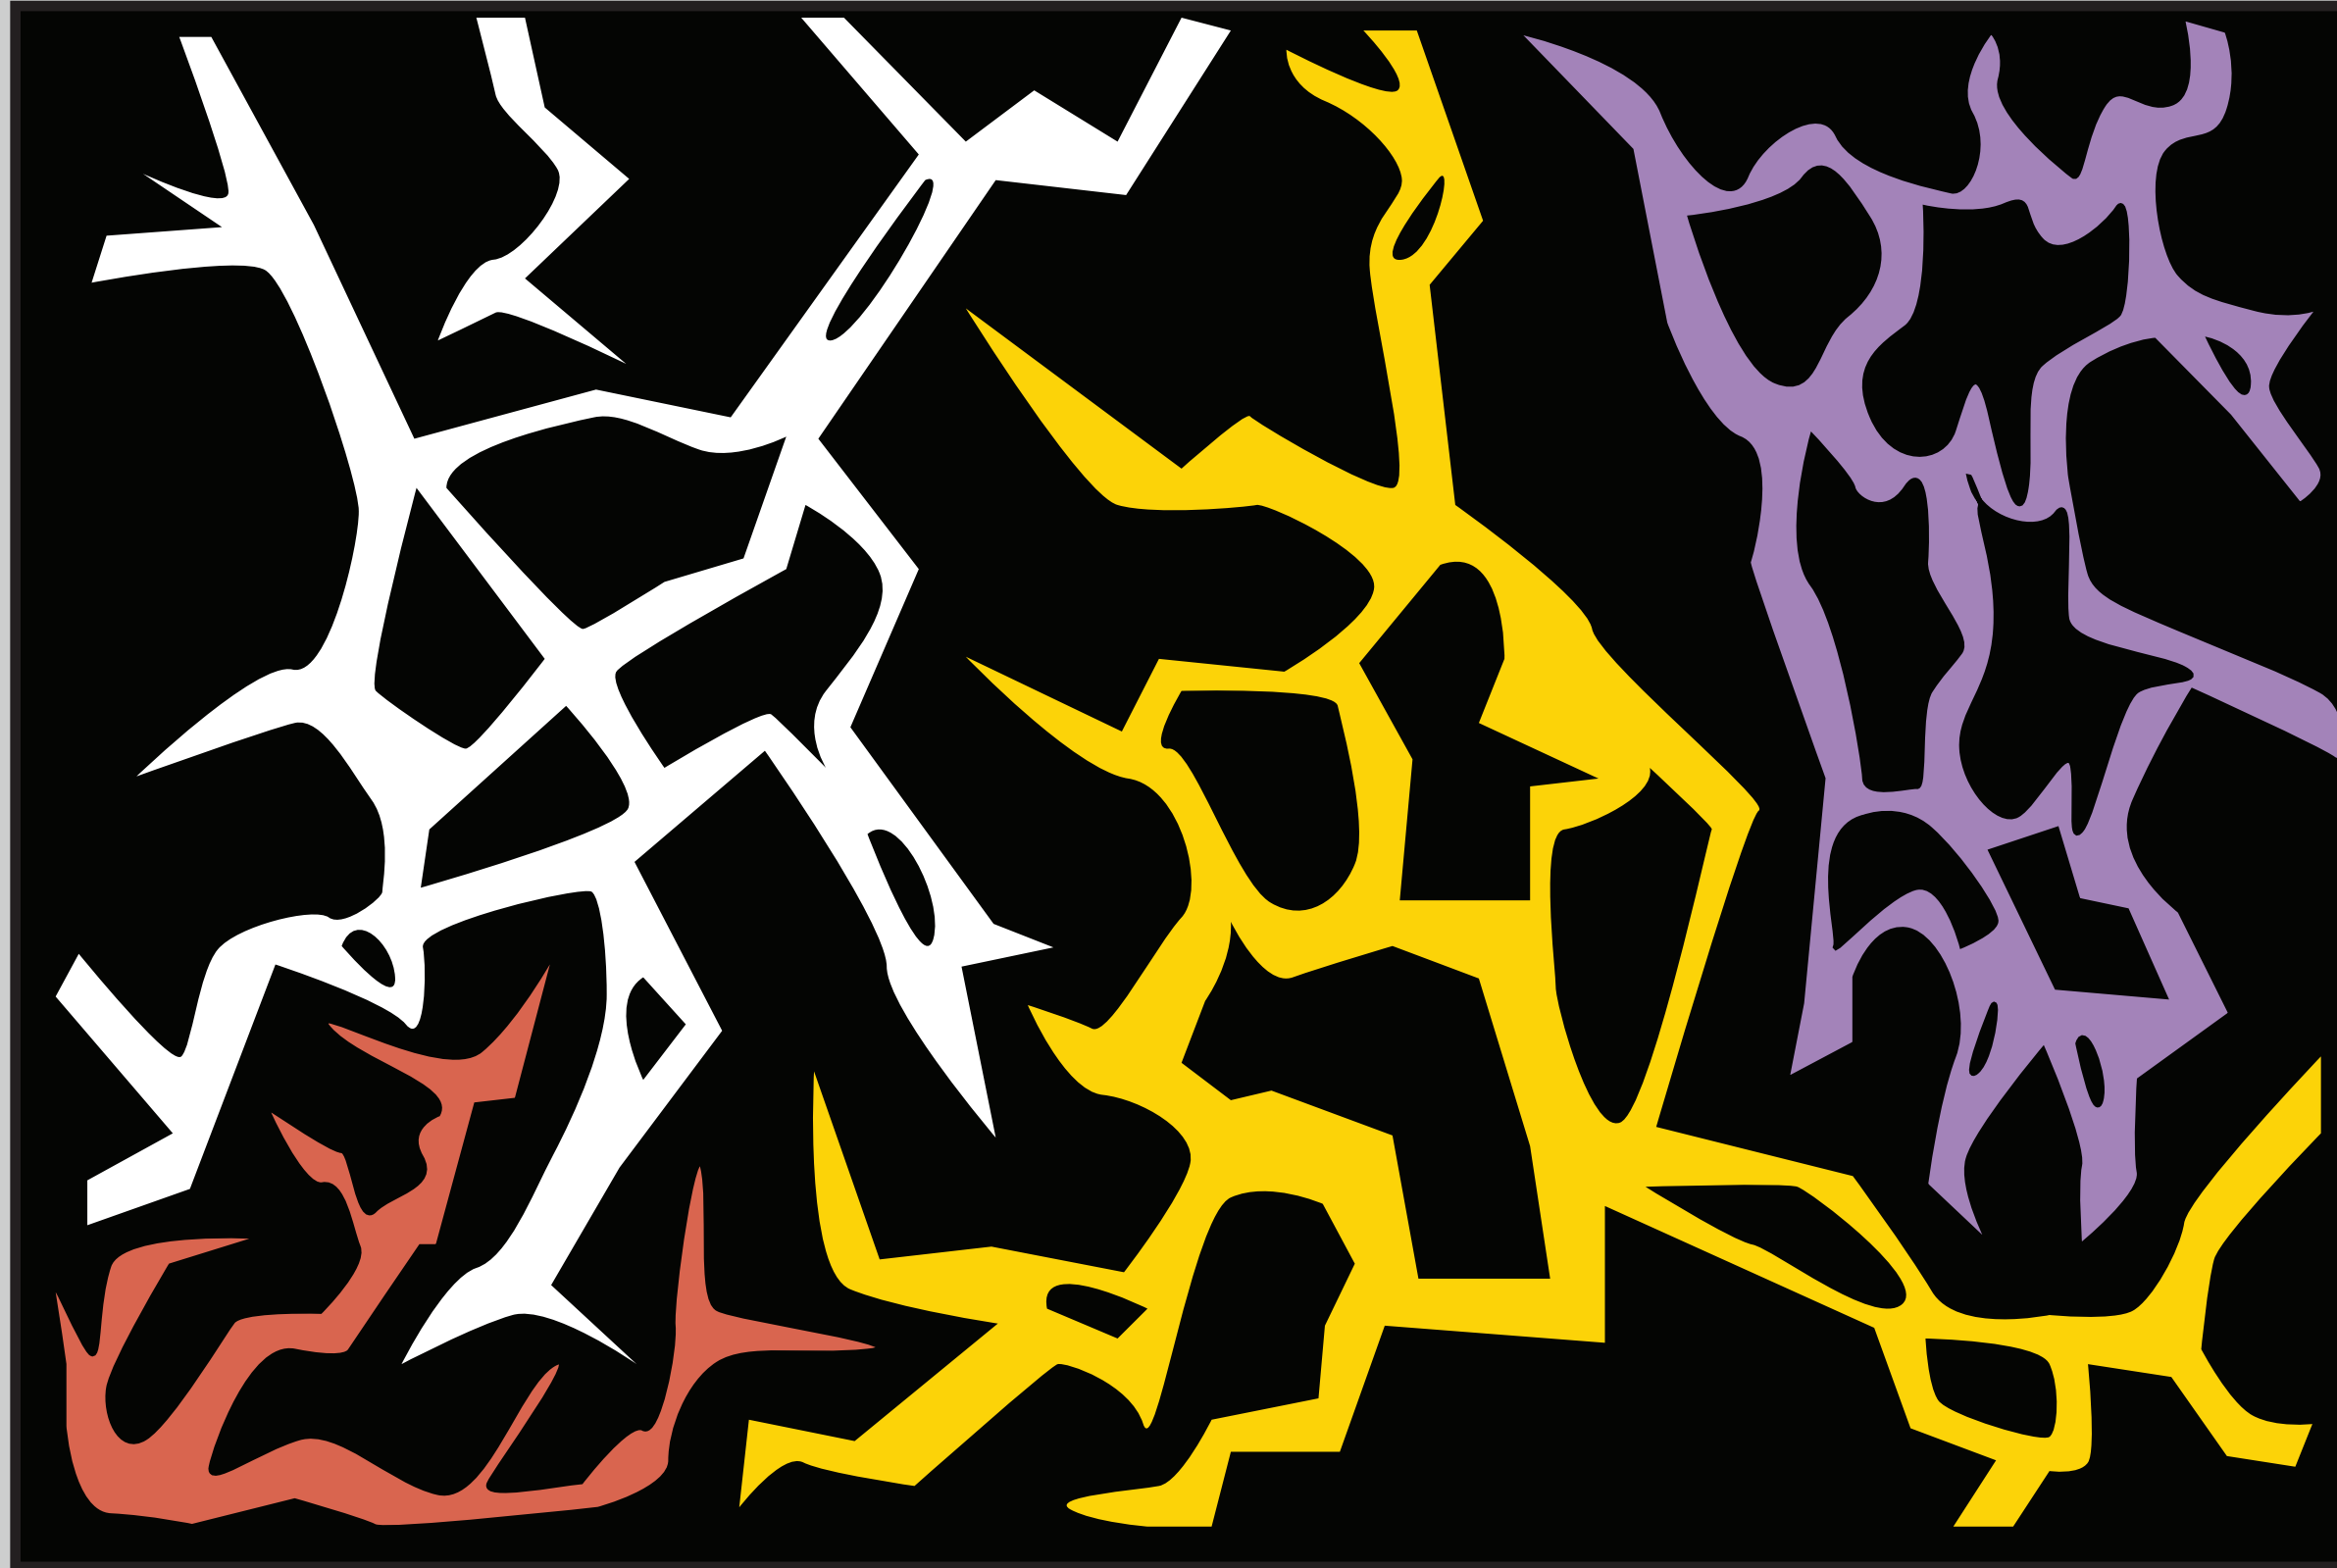

SCENE 7: Then the camera will move into one of the hexagons to go into the darkness.

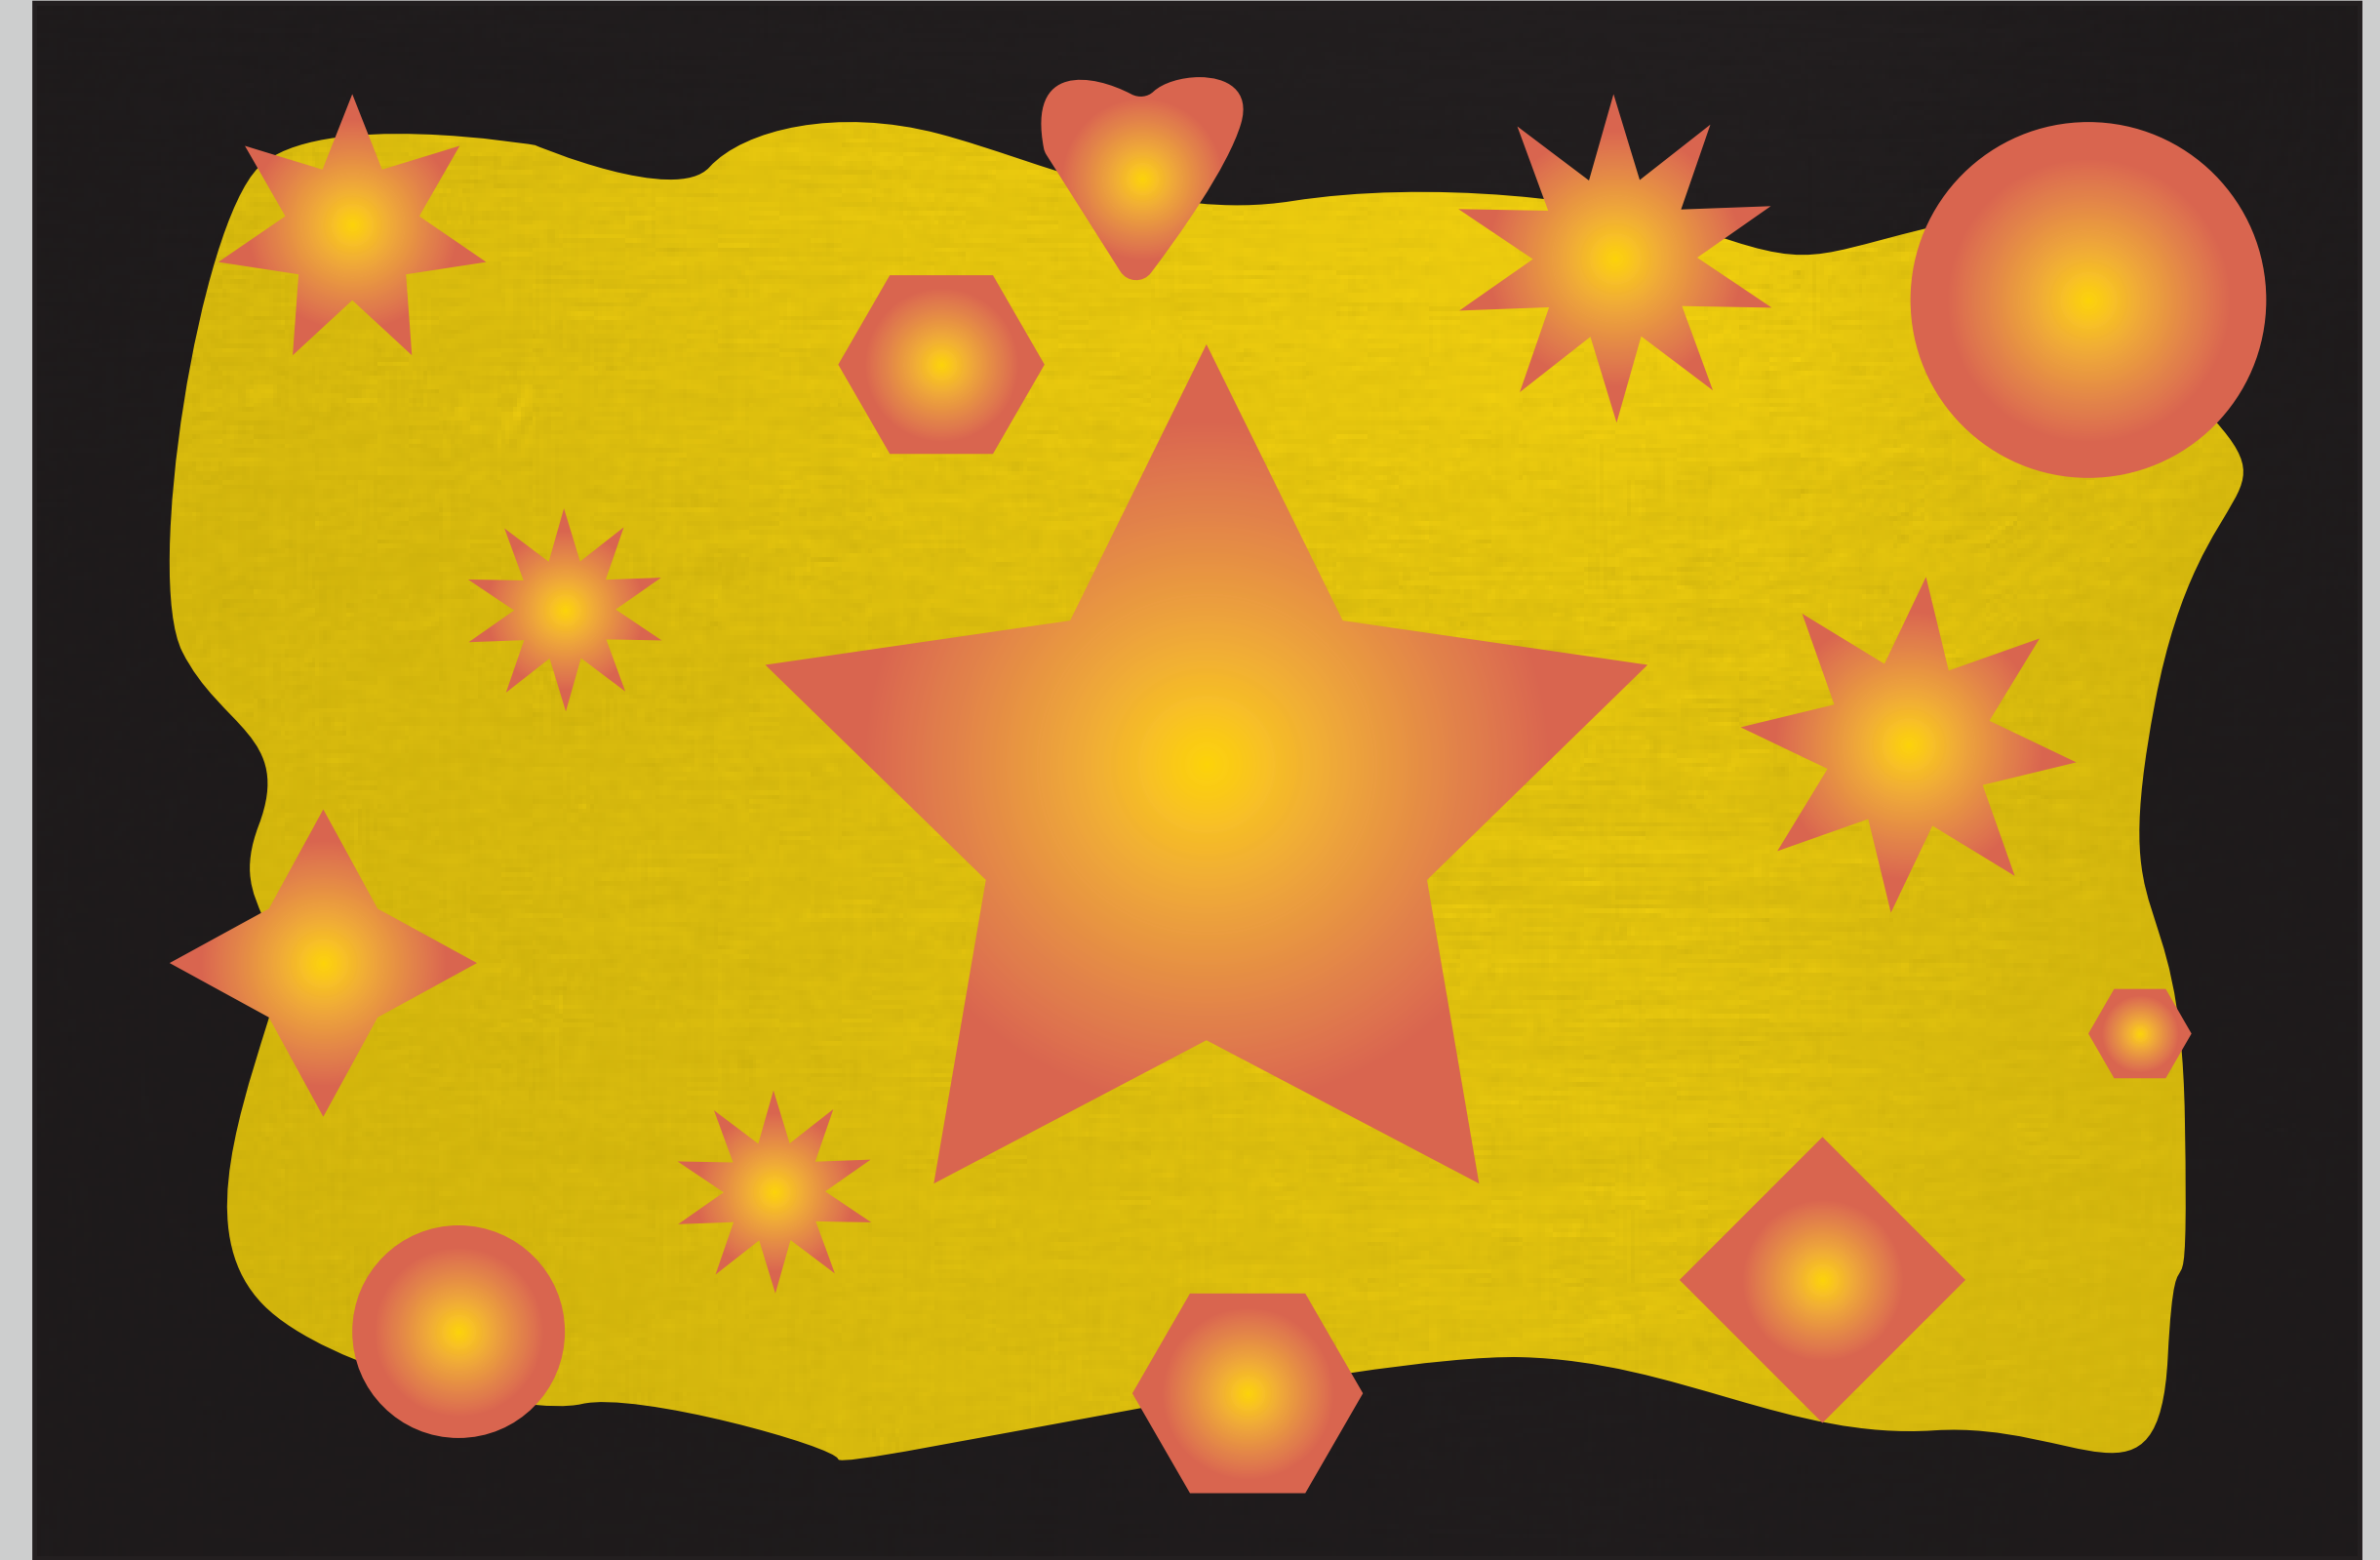

SCENE 8: An explosion of energy and color will come out.

STYLEFRAME 9&10

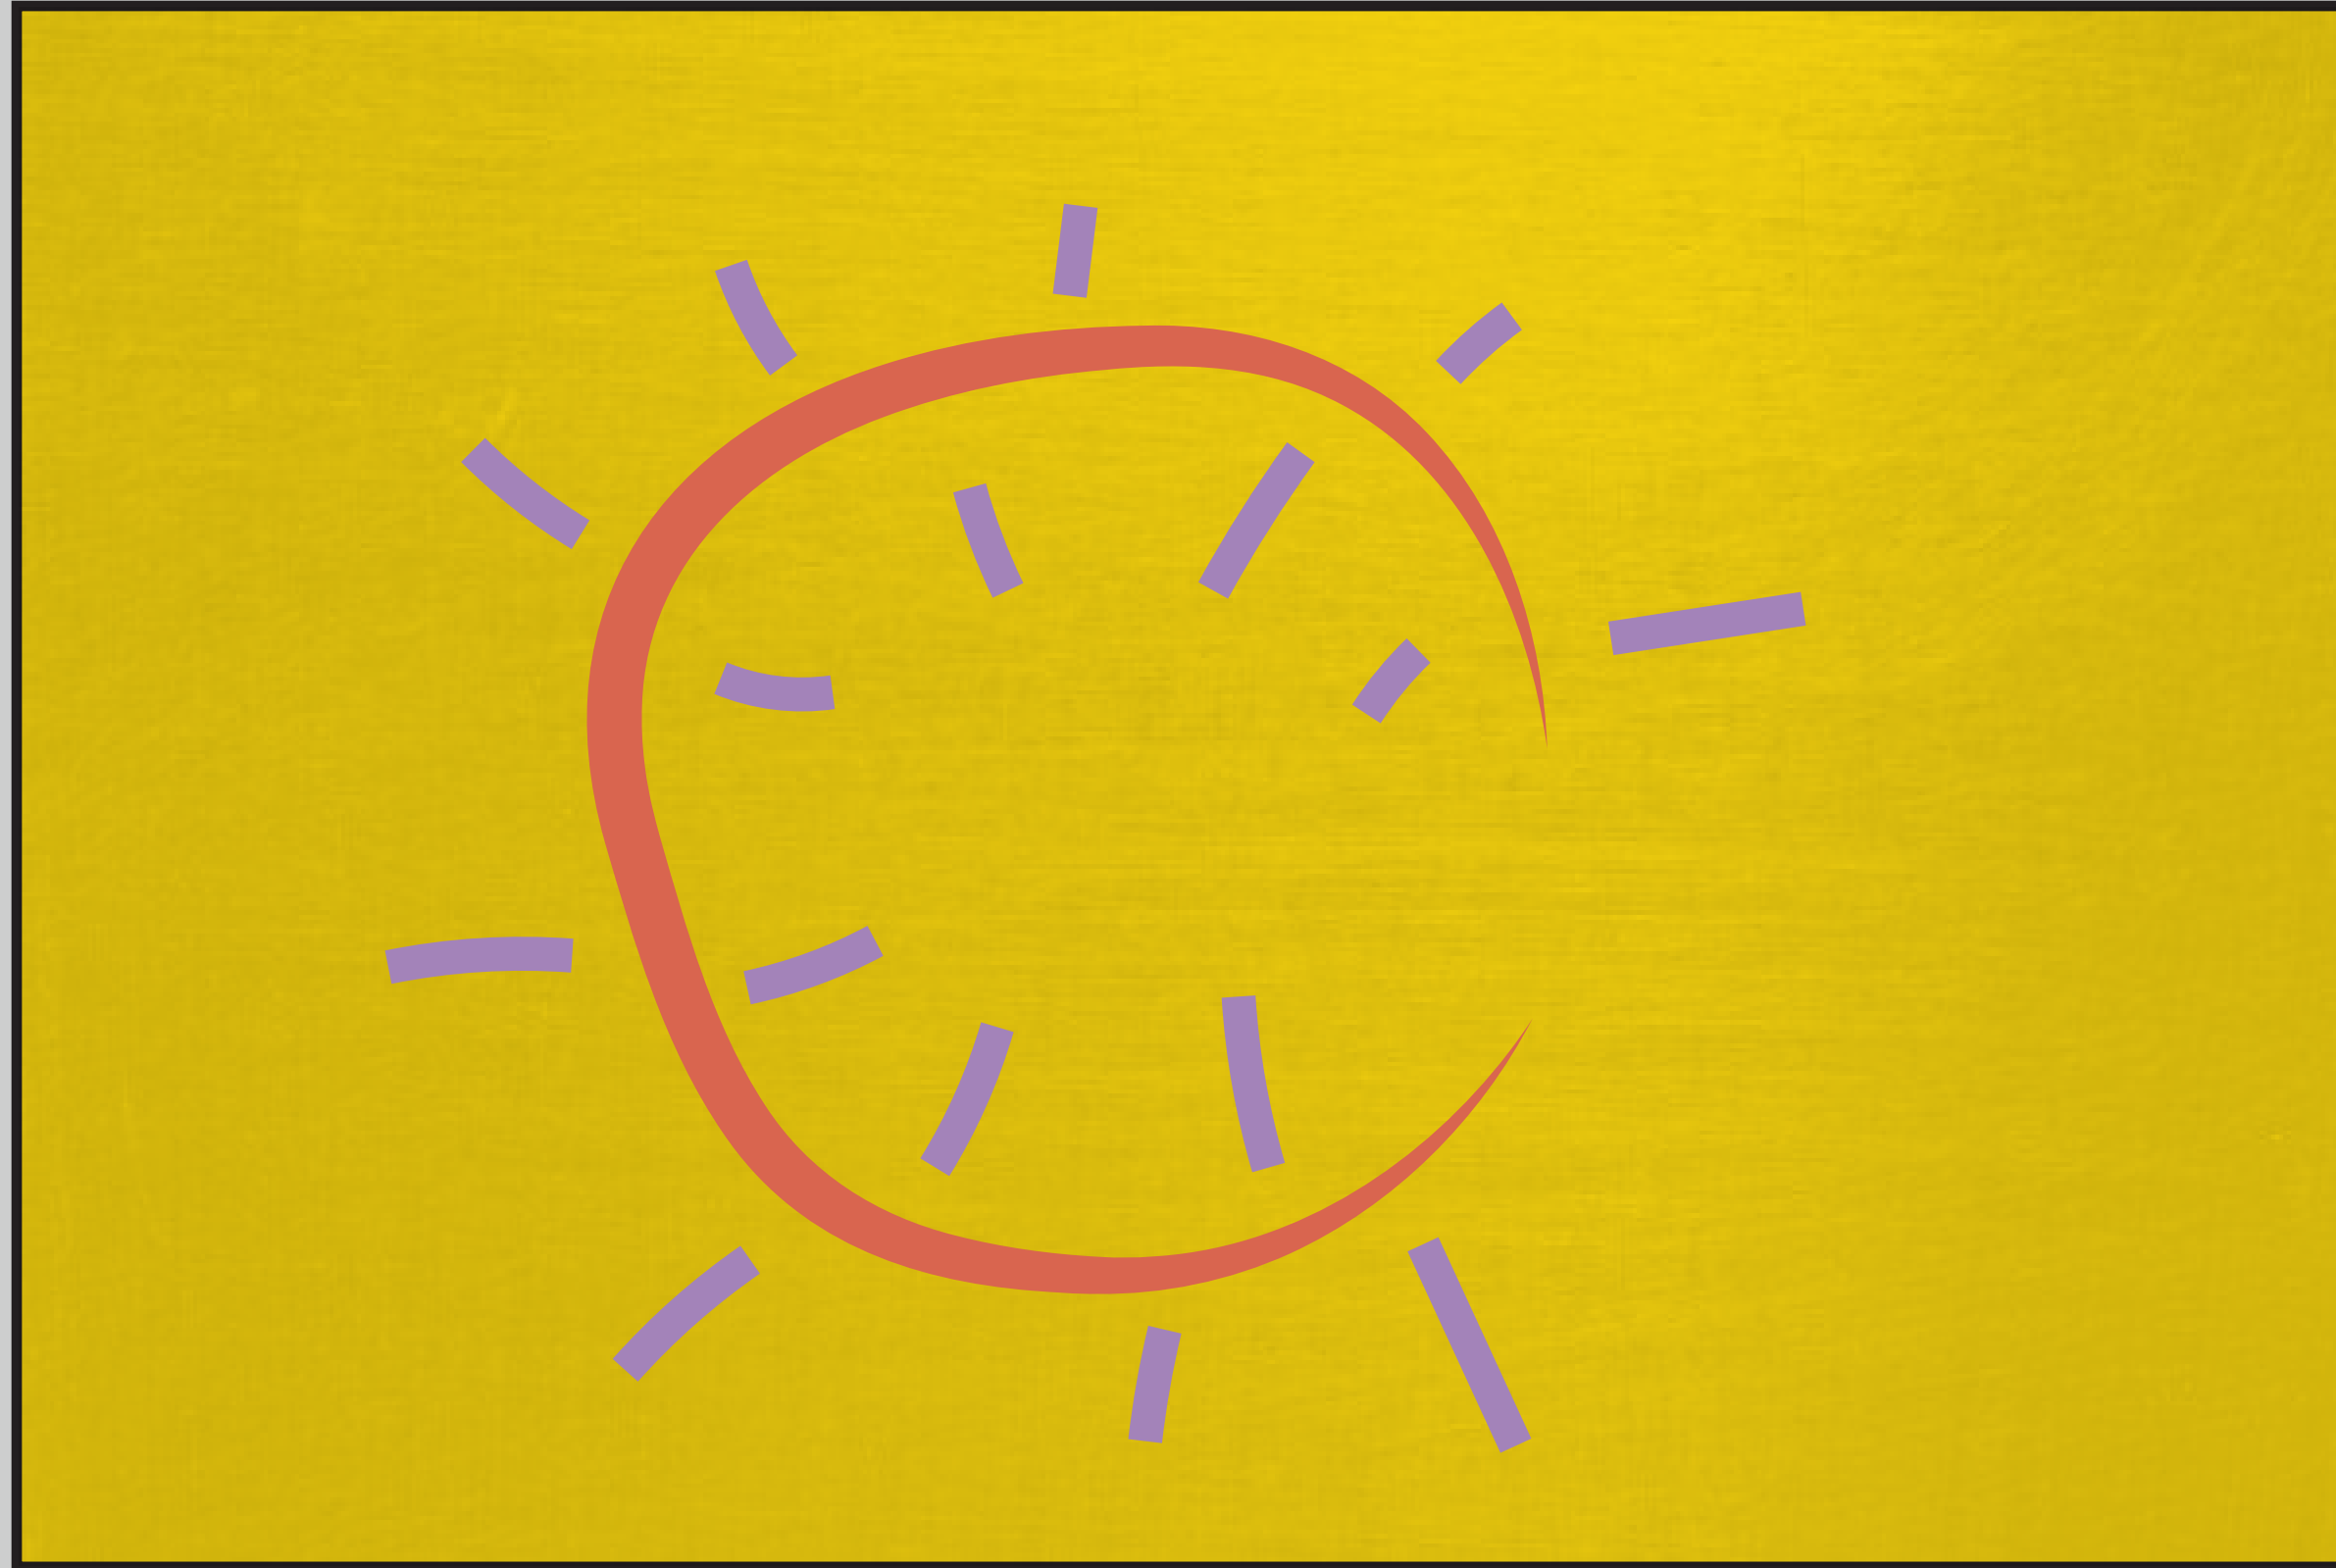

SCENE 9: As the Explosion fades, the screen will crack in different colors.

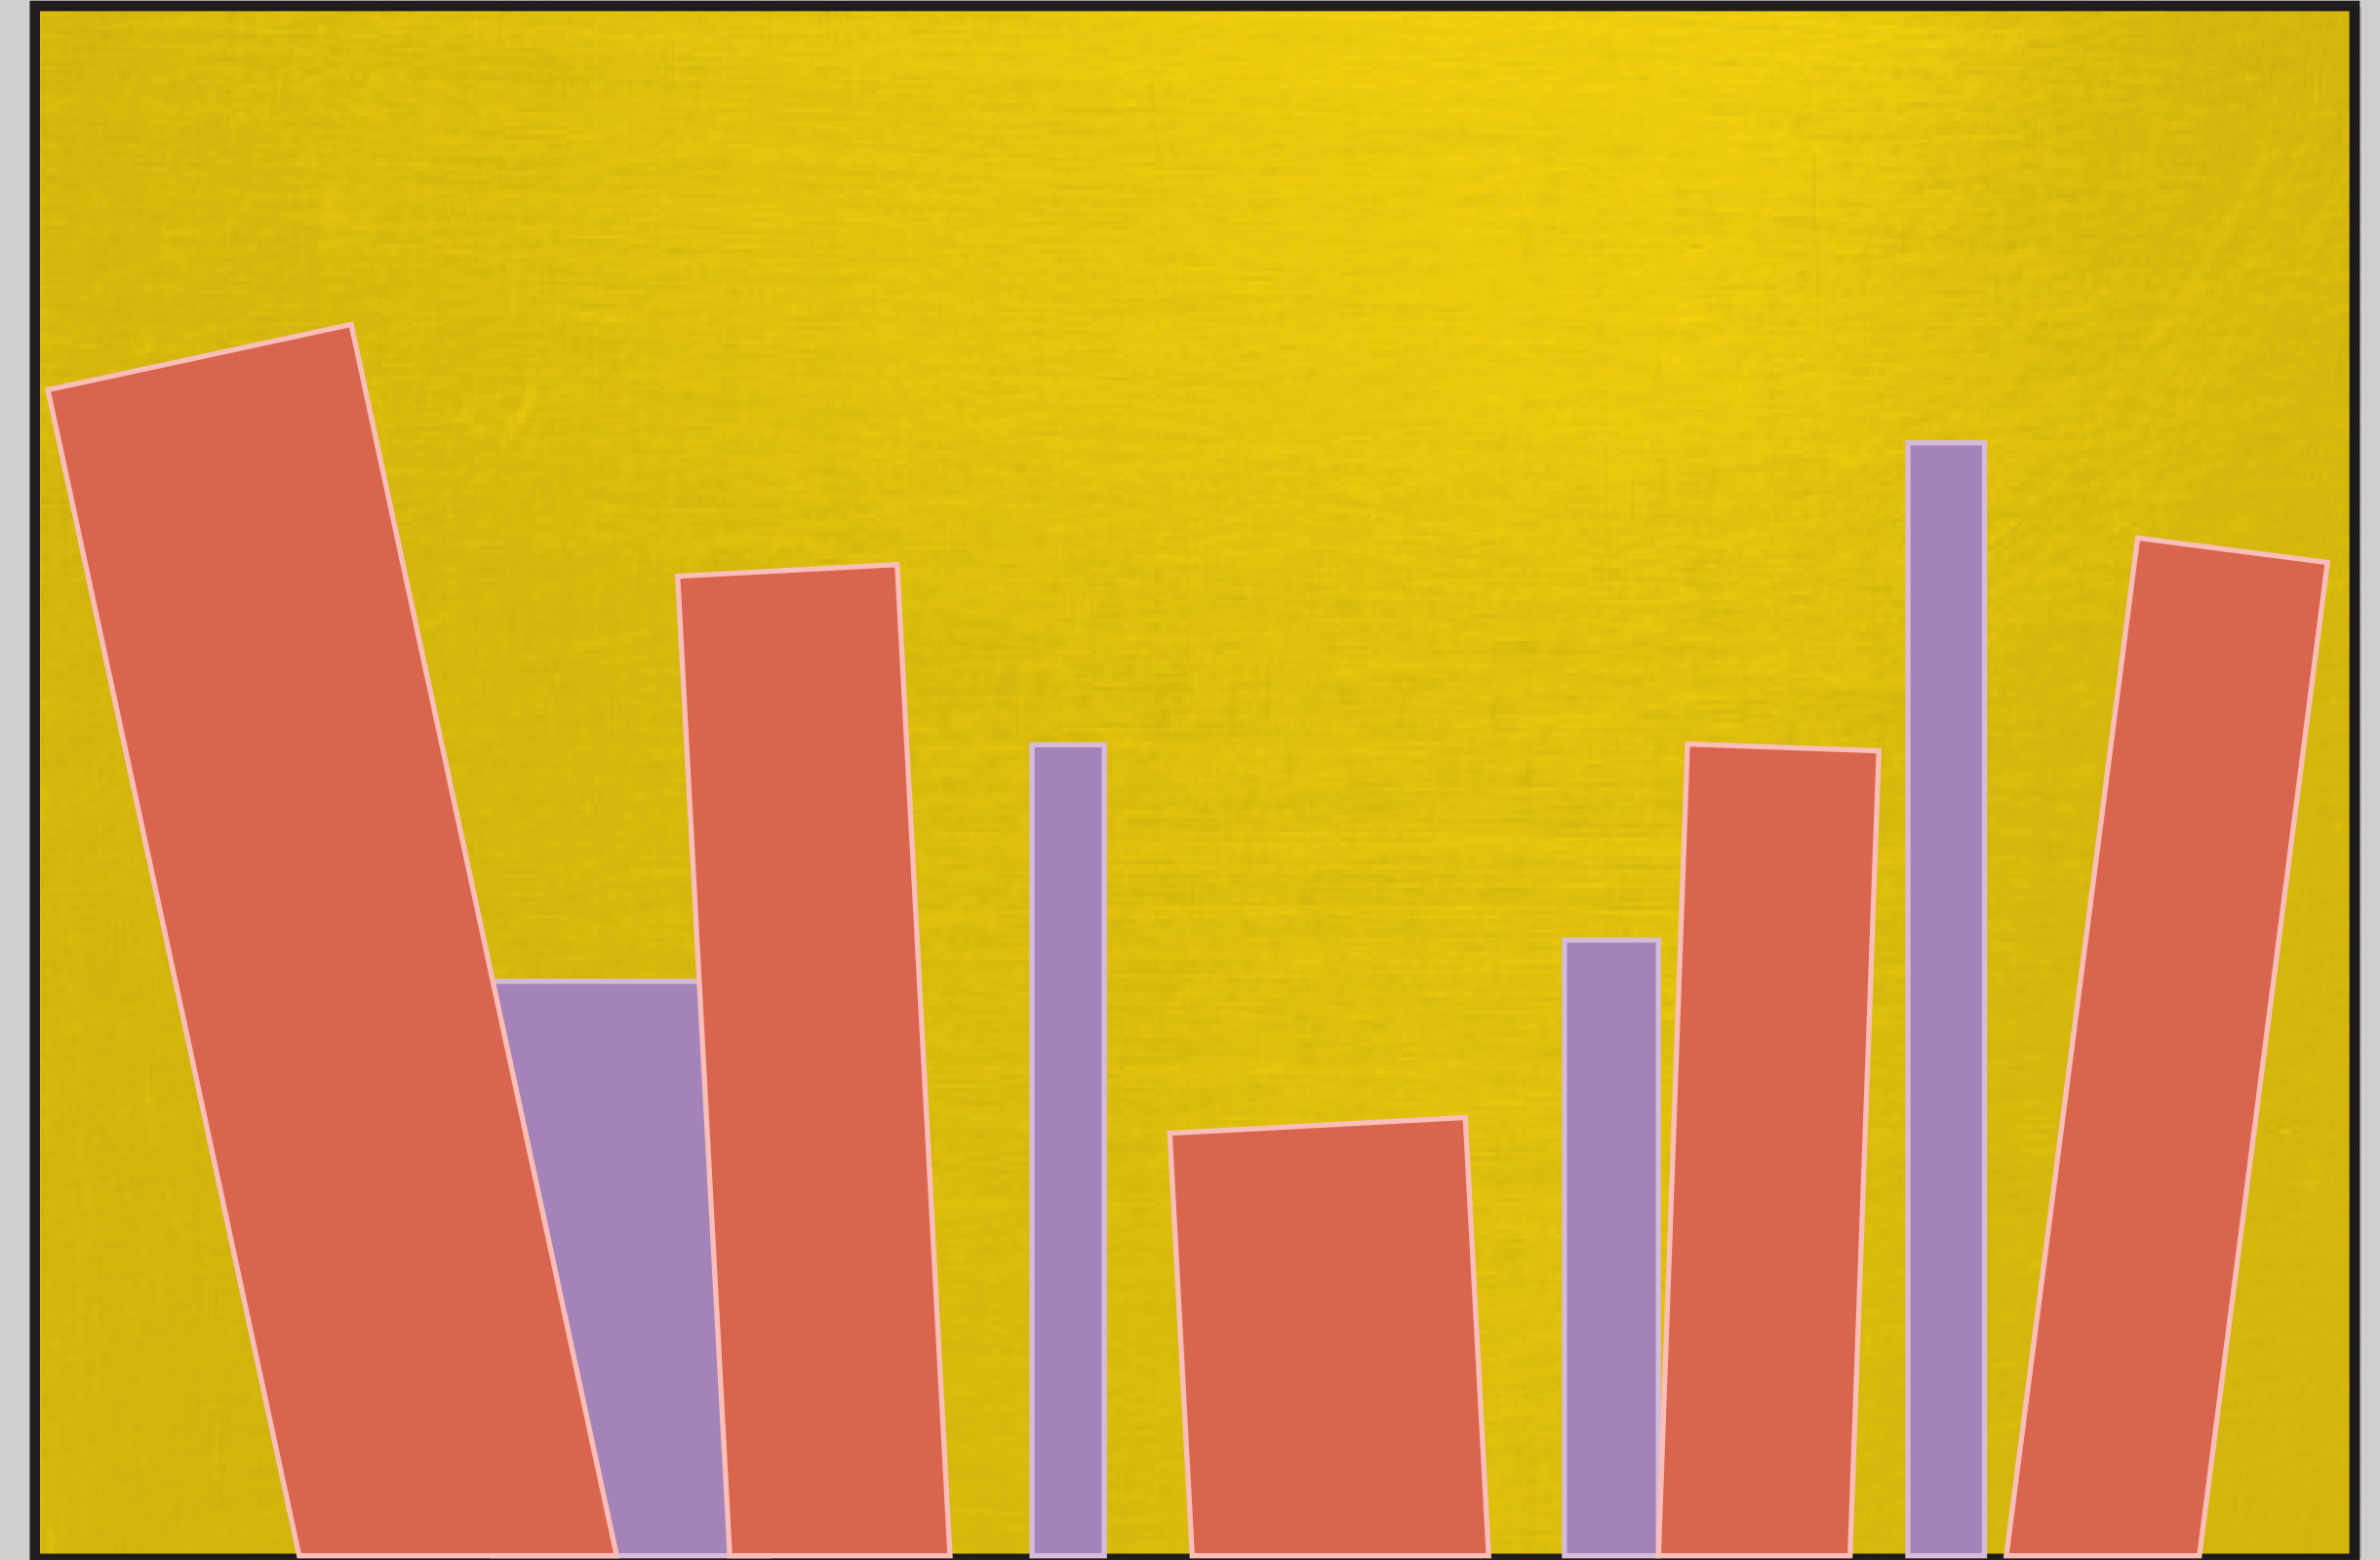

SCENE 10: Different shapes will burst through the crack darkness to show we are all uniquely different.

STYLEFRAME 11&12

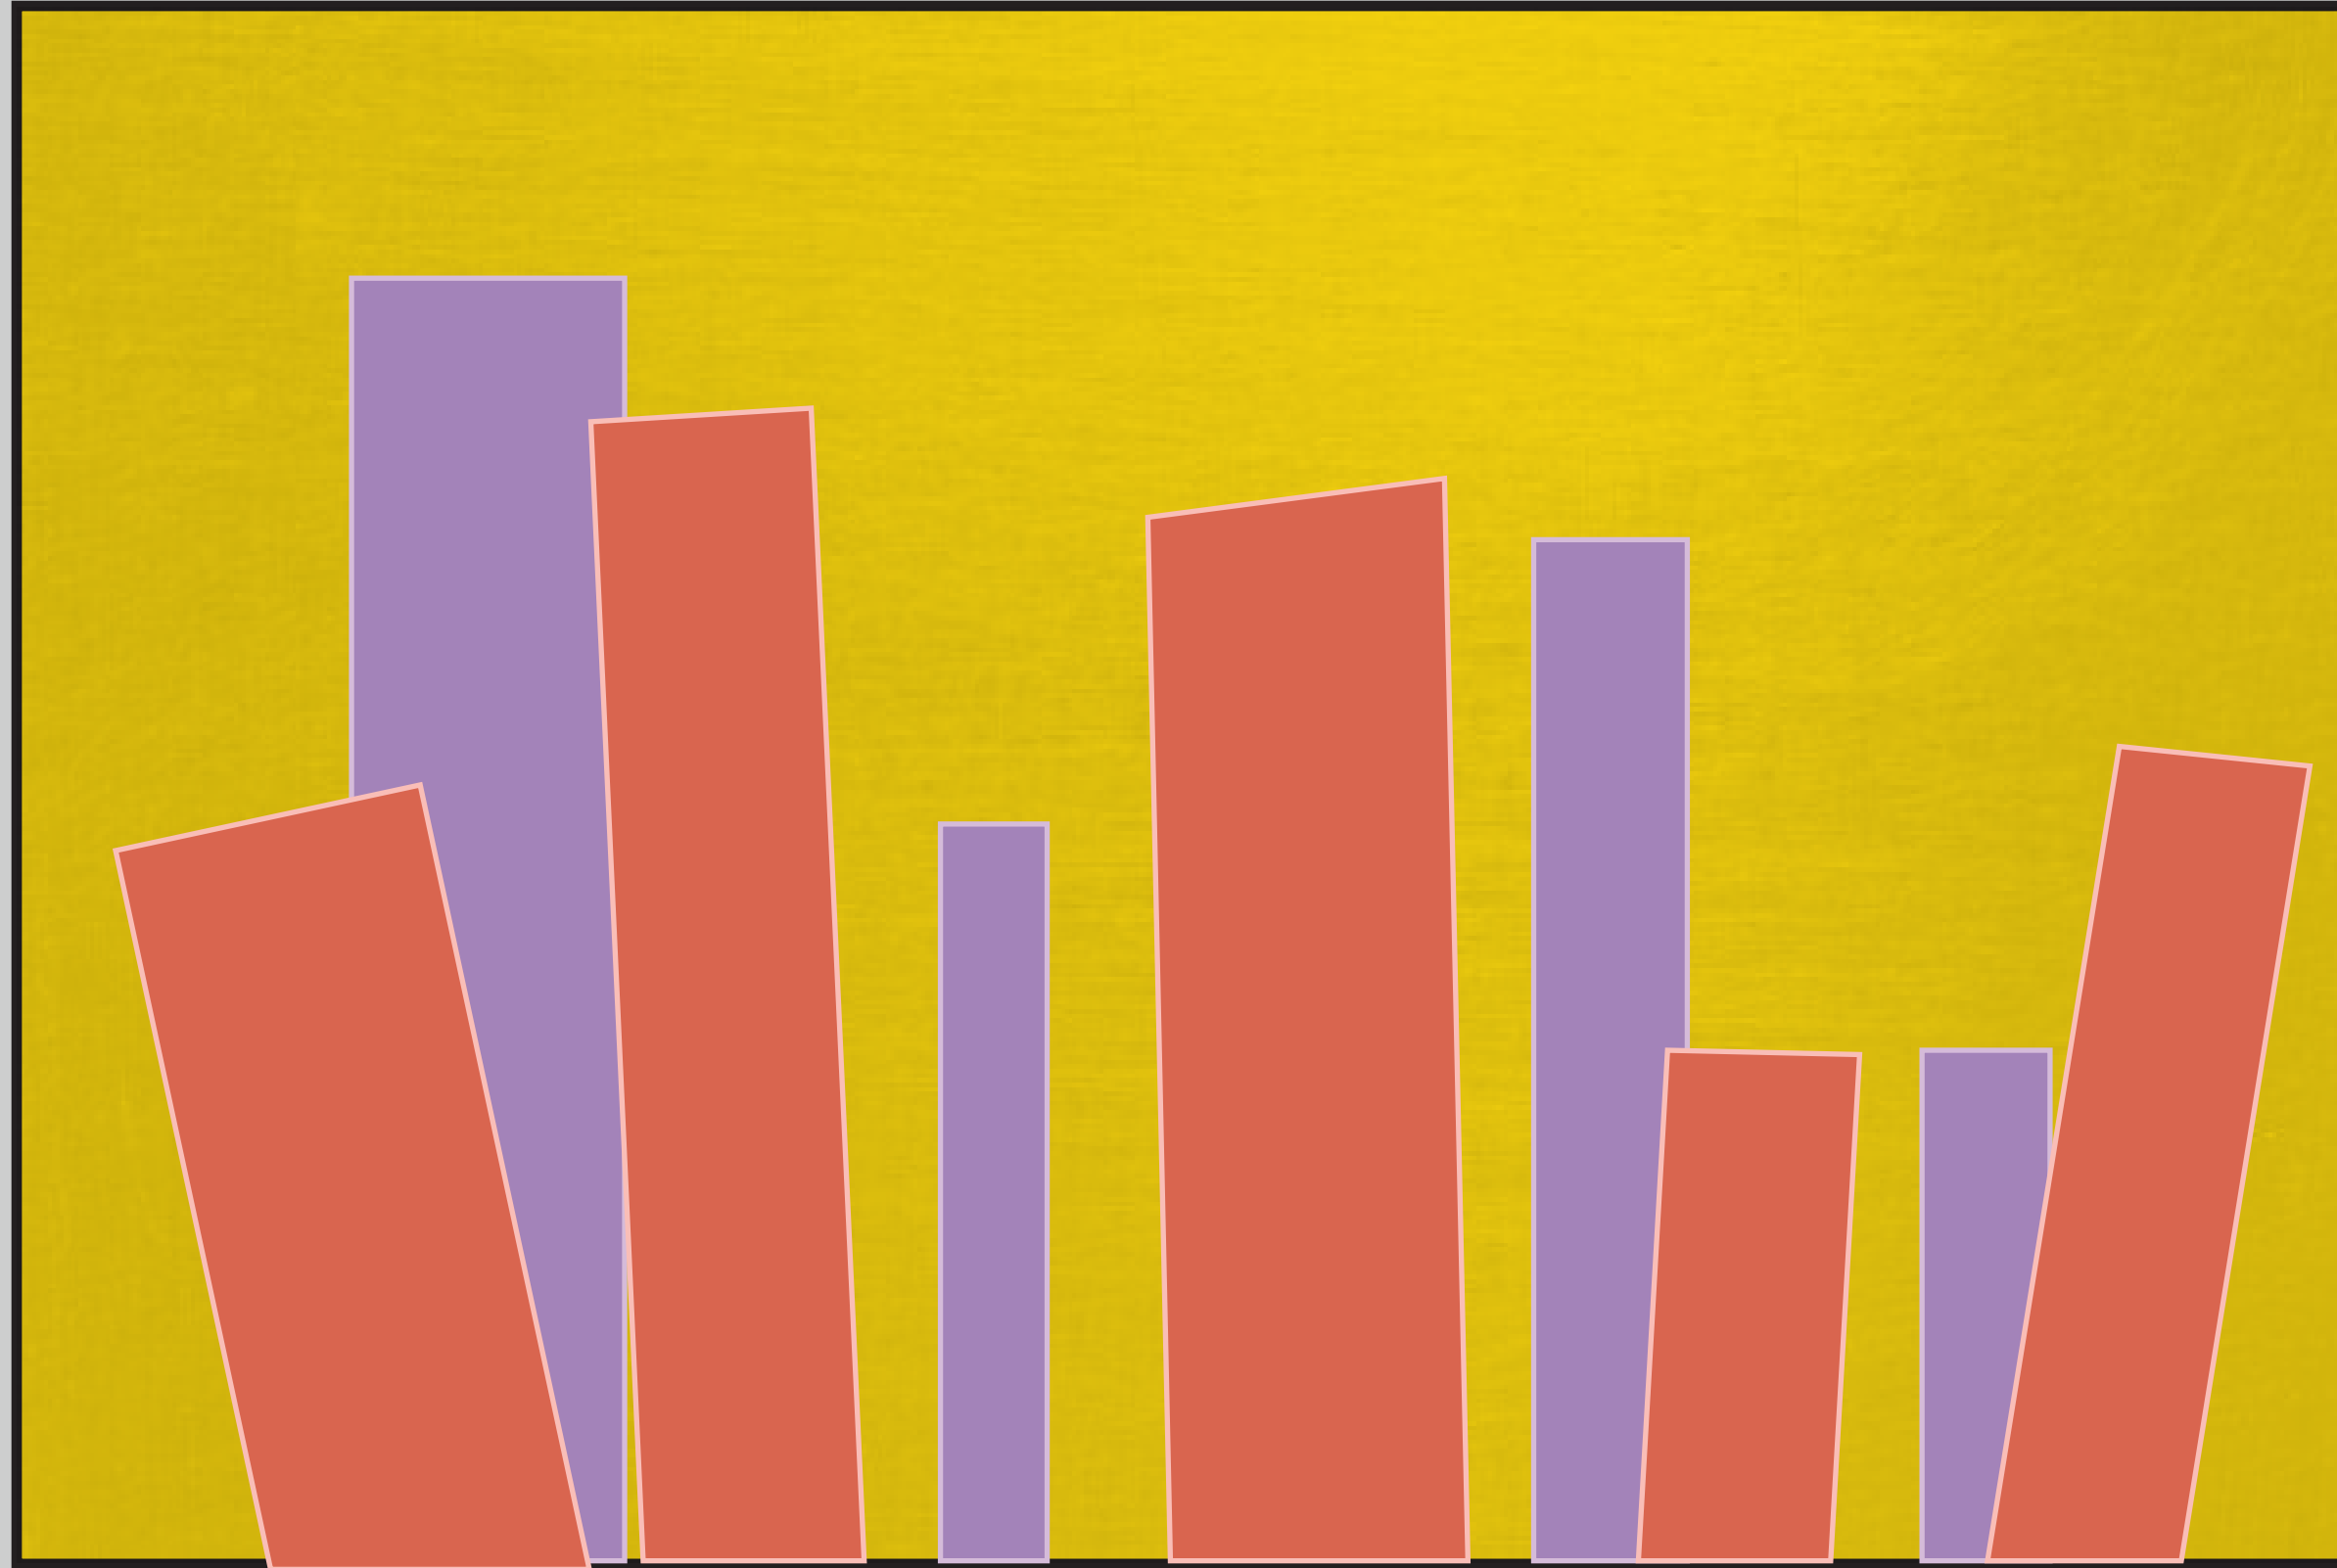

SCENE 11: A volume bar in the shape of the crescent moon will appear to present how loud their message is.

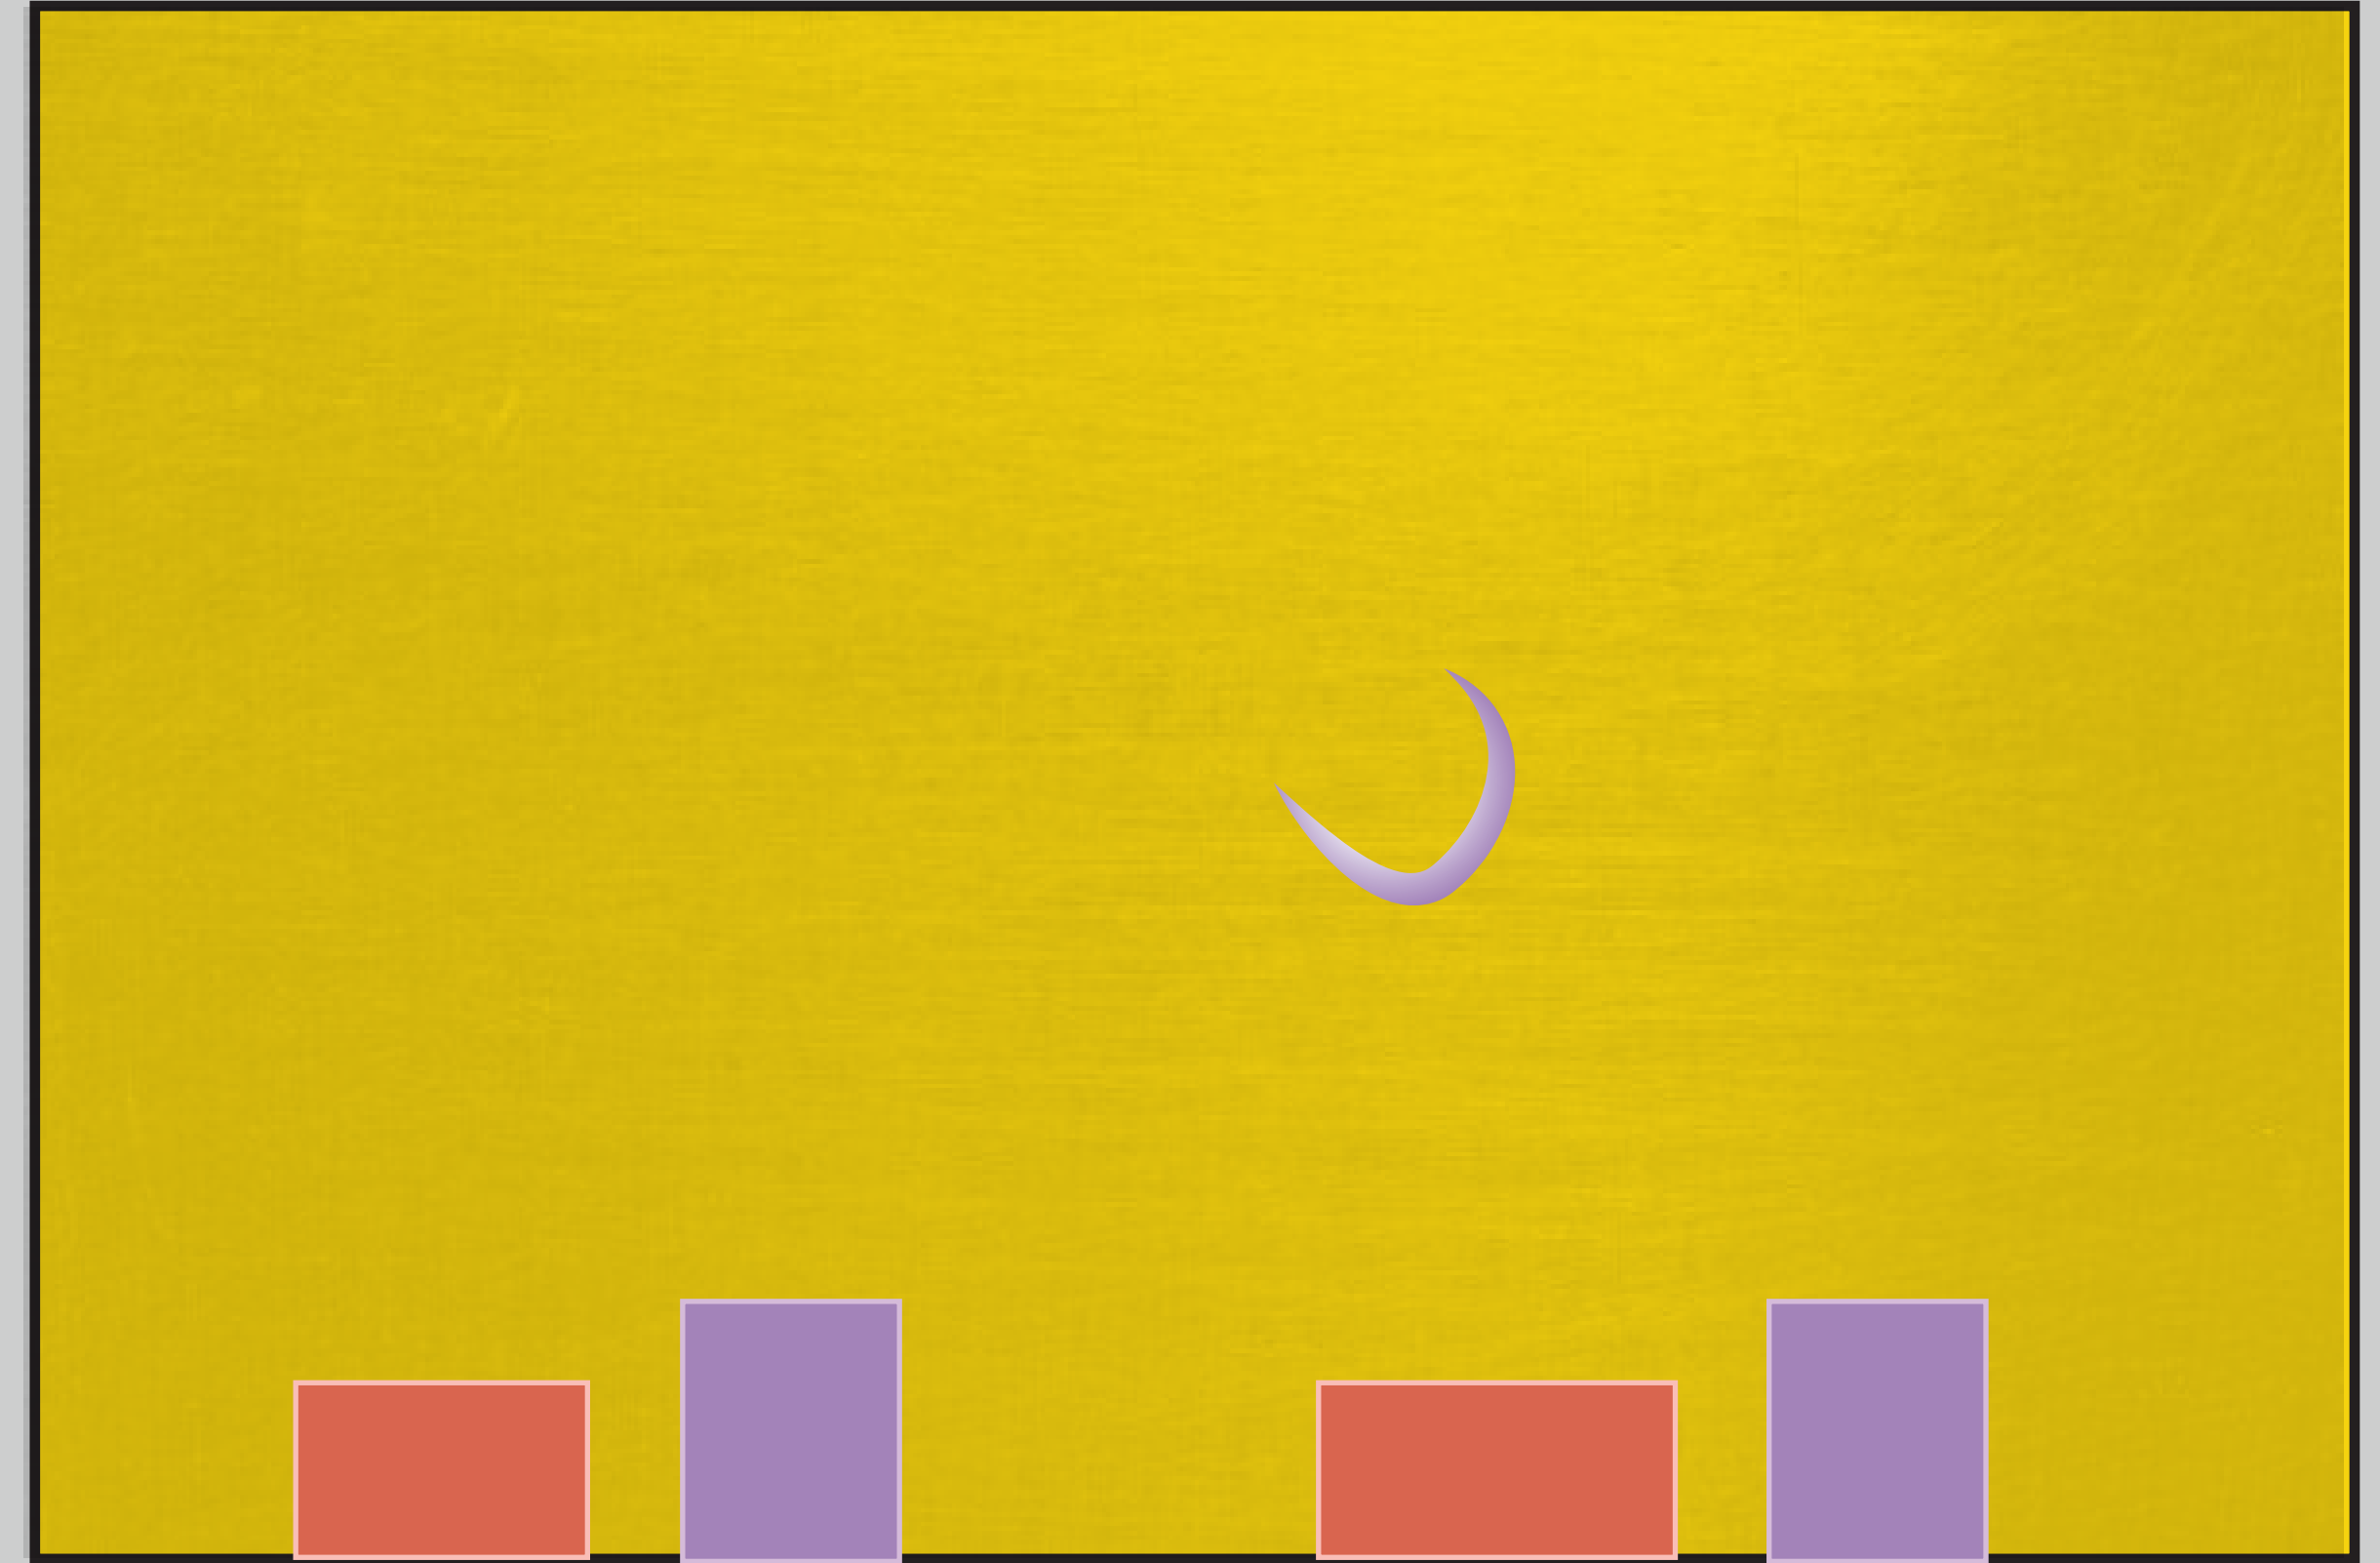

SCENE 12: A bunch of pillars will shoot up and move the moon up from the bottom like hands waving to an awesome song.

STYLEFRAME 13&14

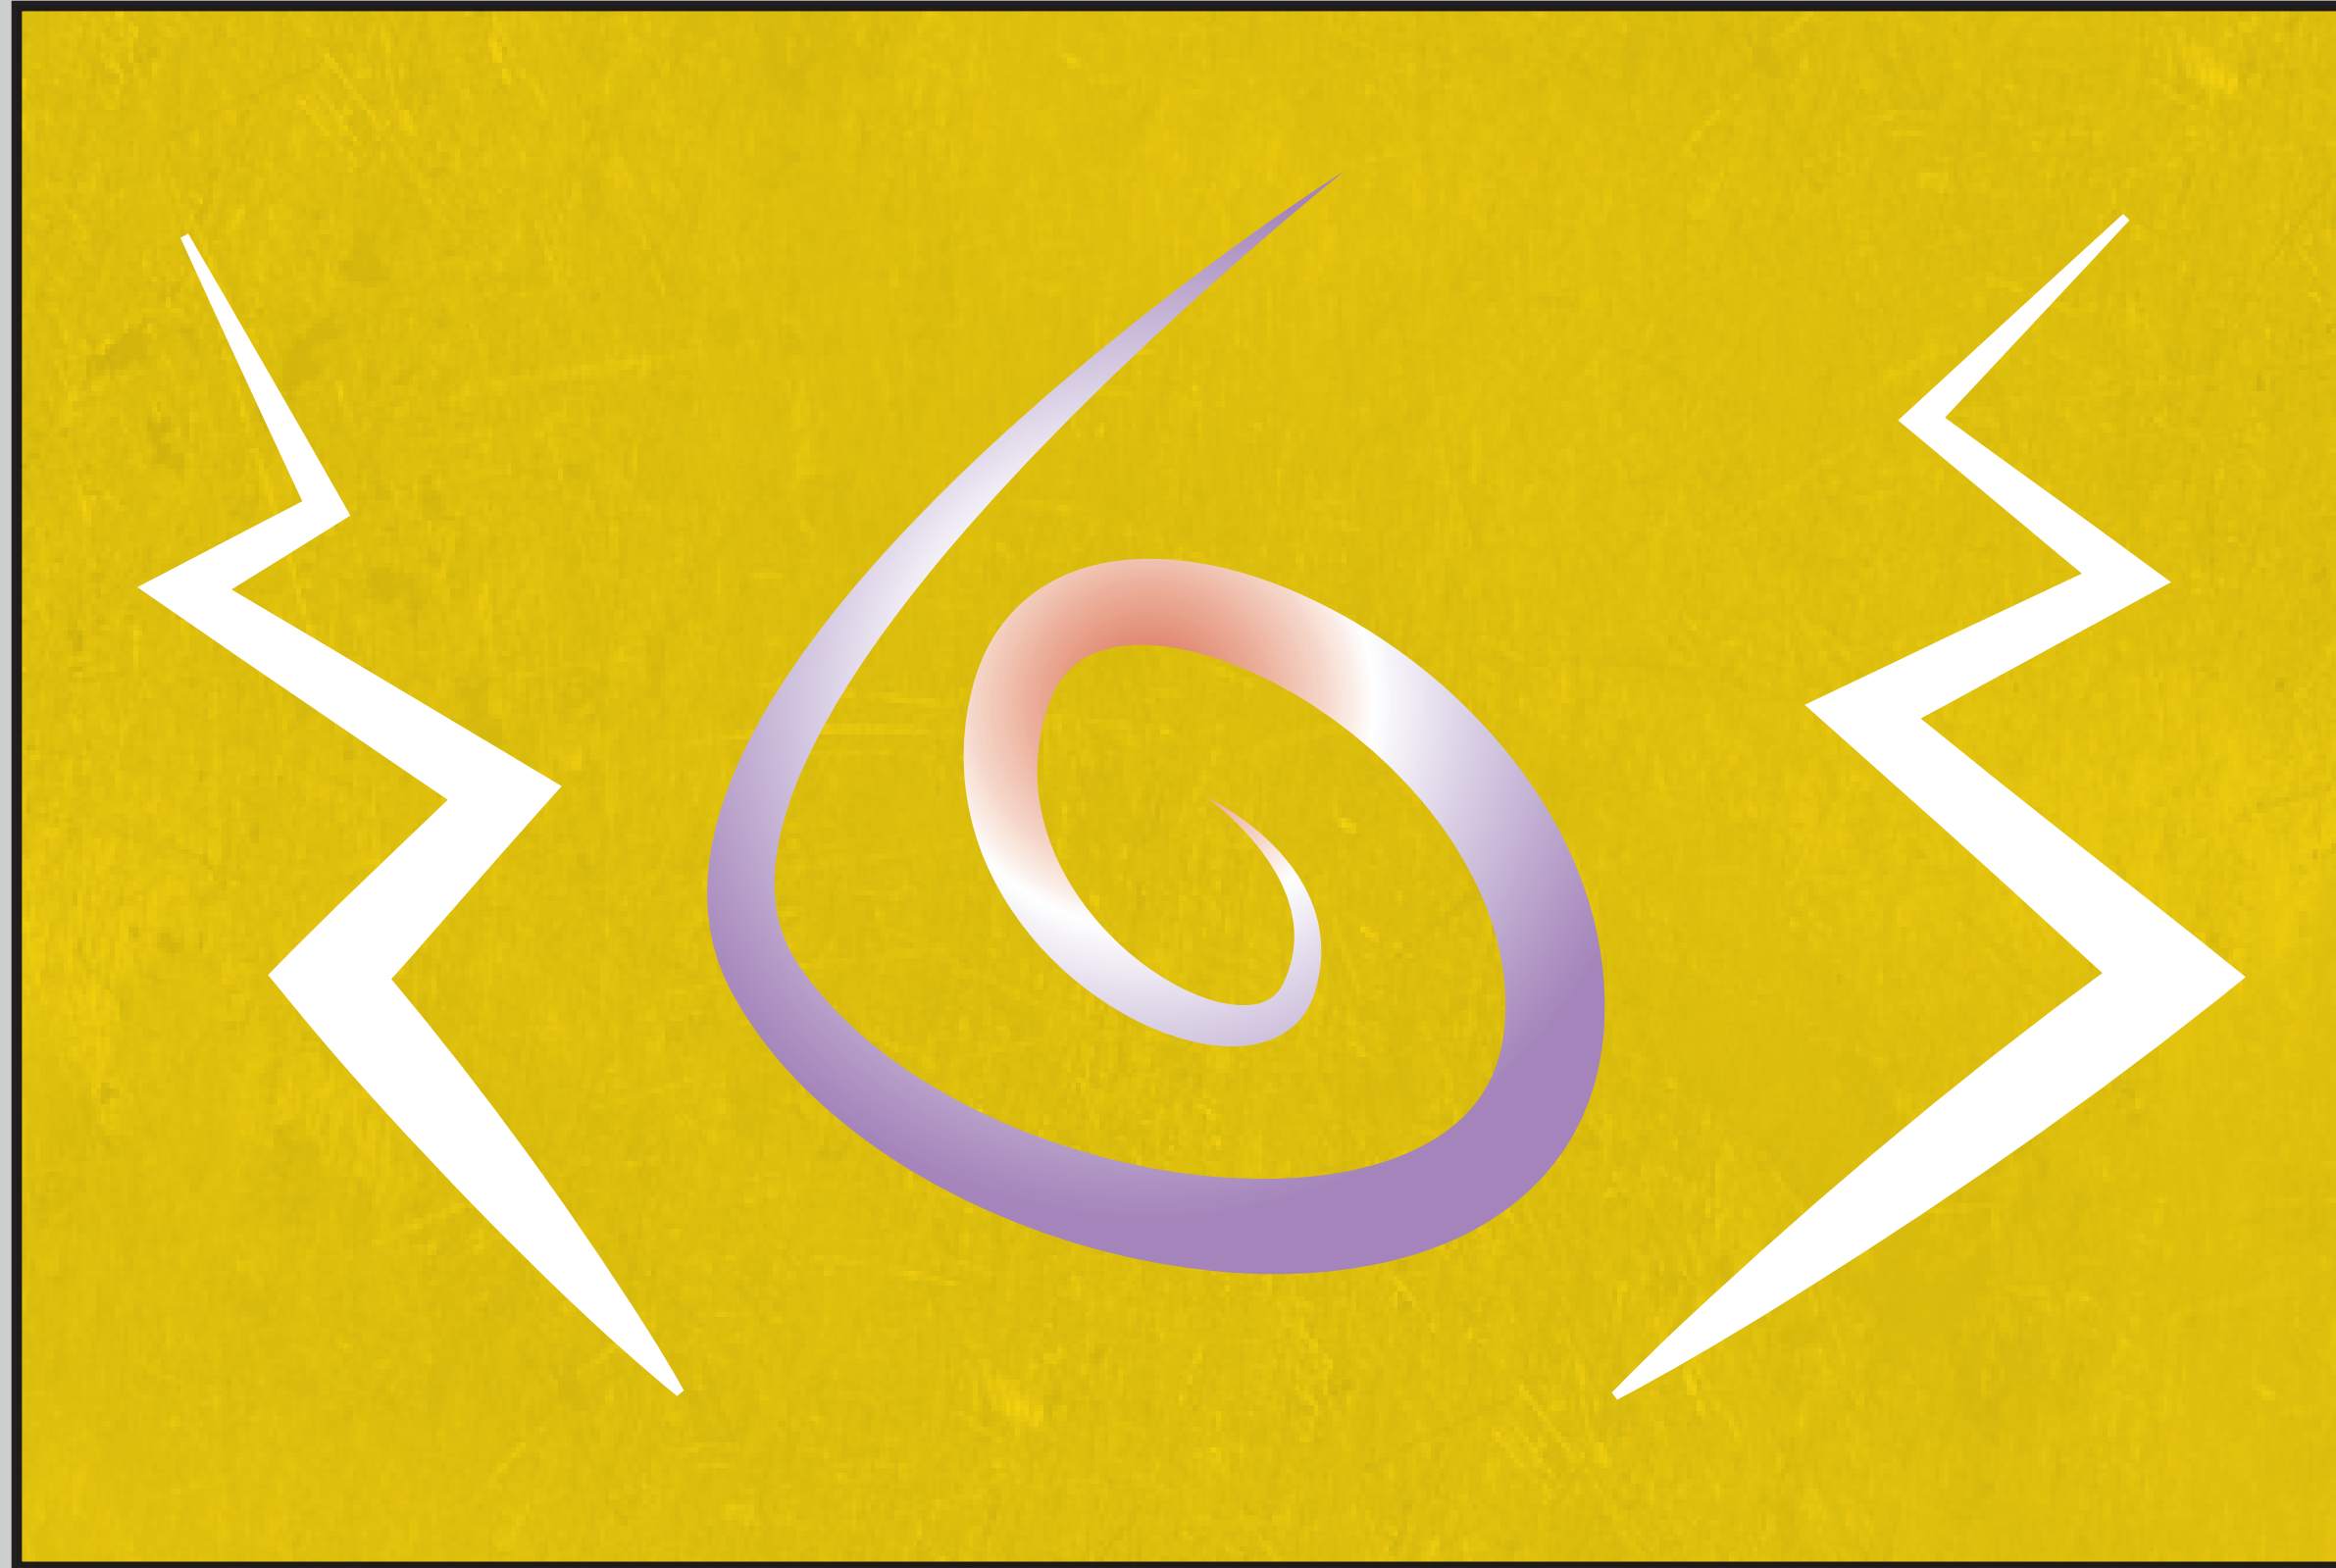

SCENE 13: The pillars from Scene 12 will move up and down.

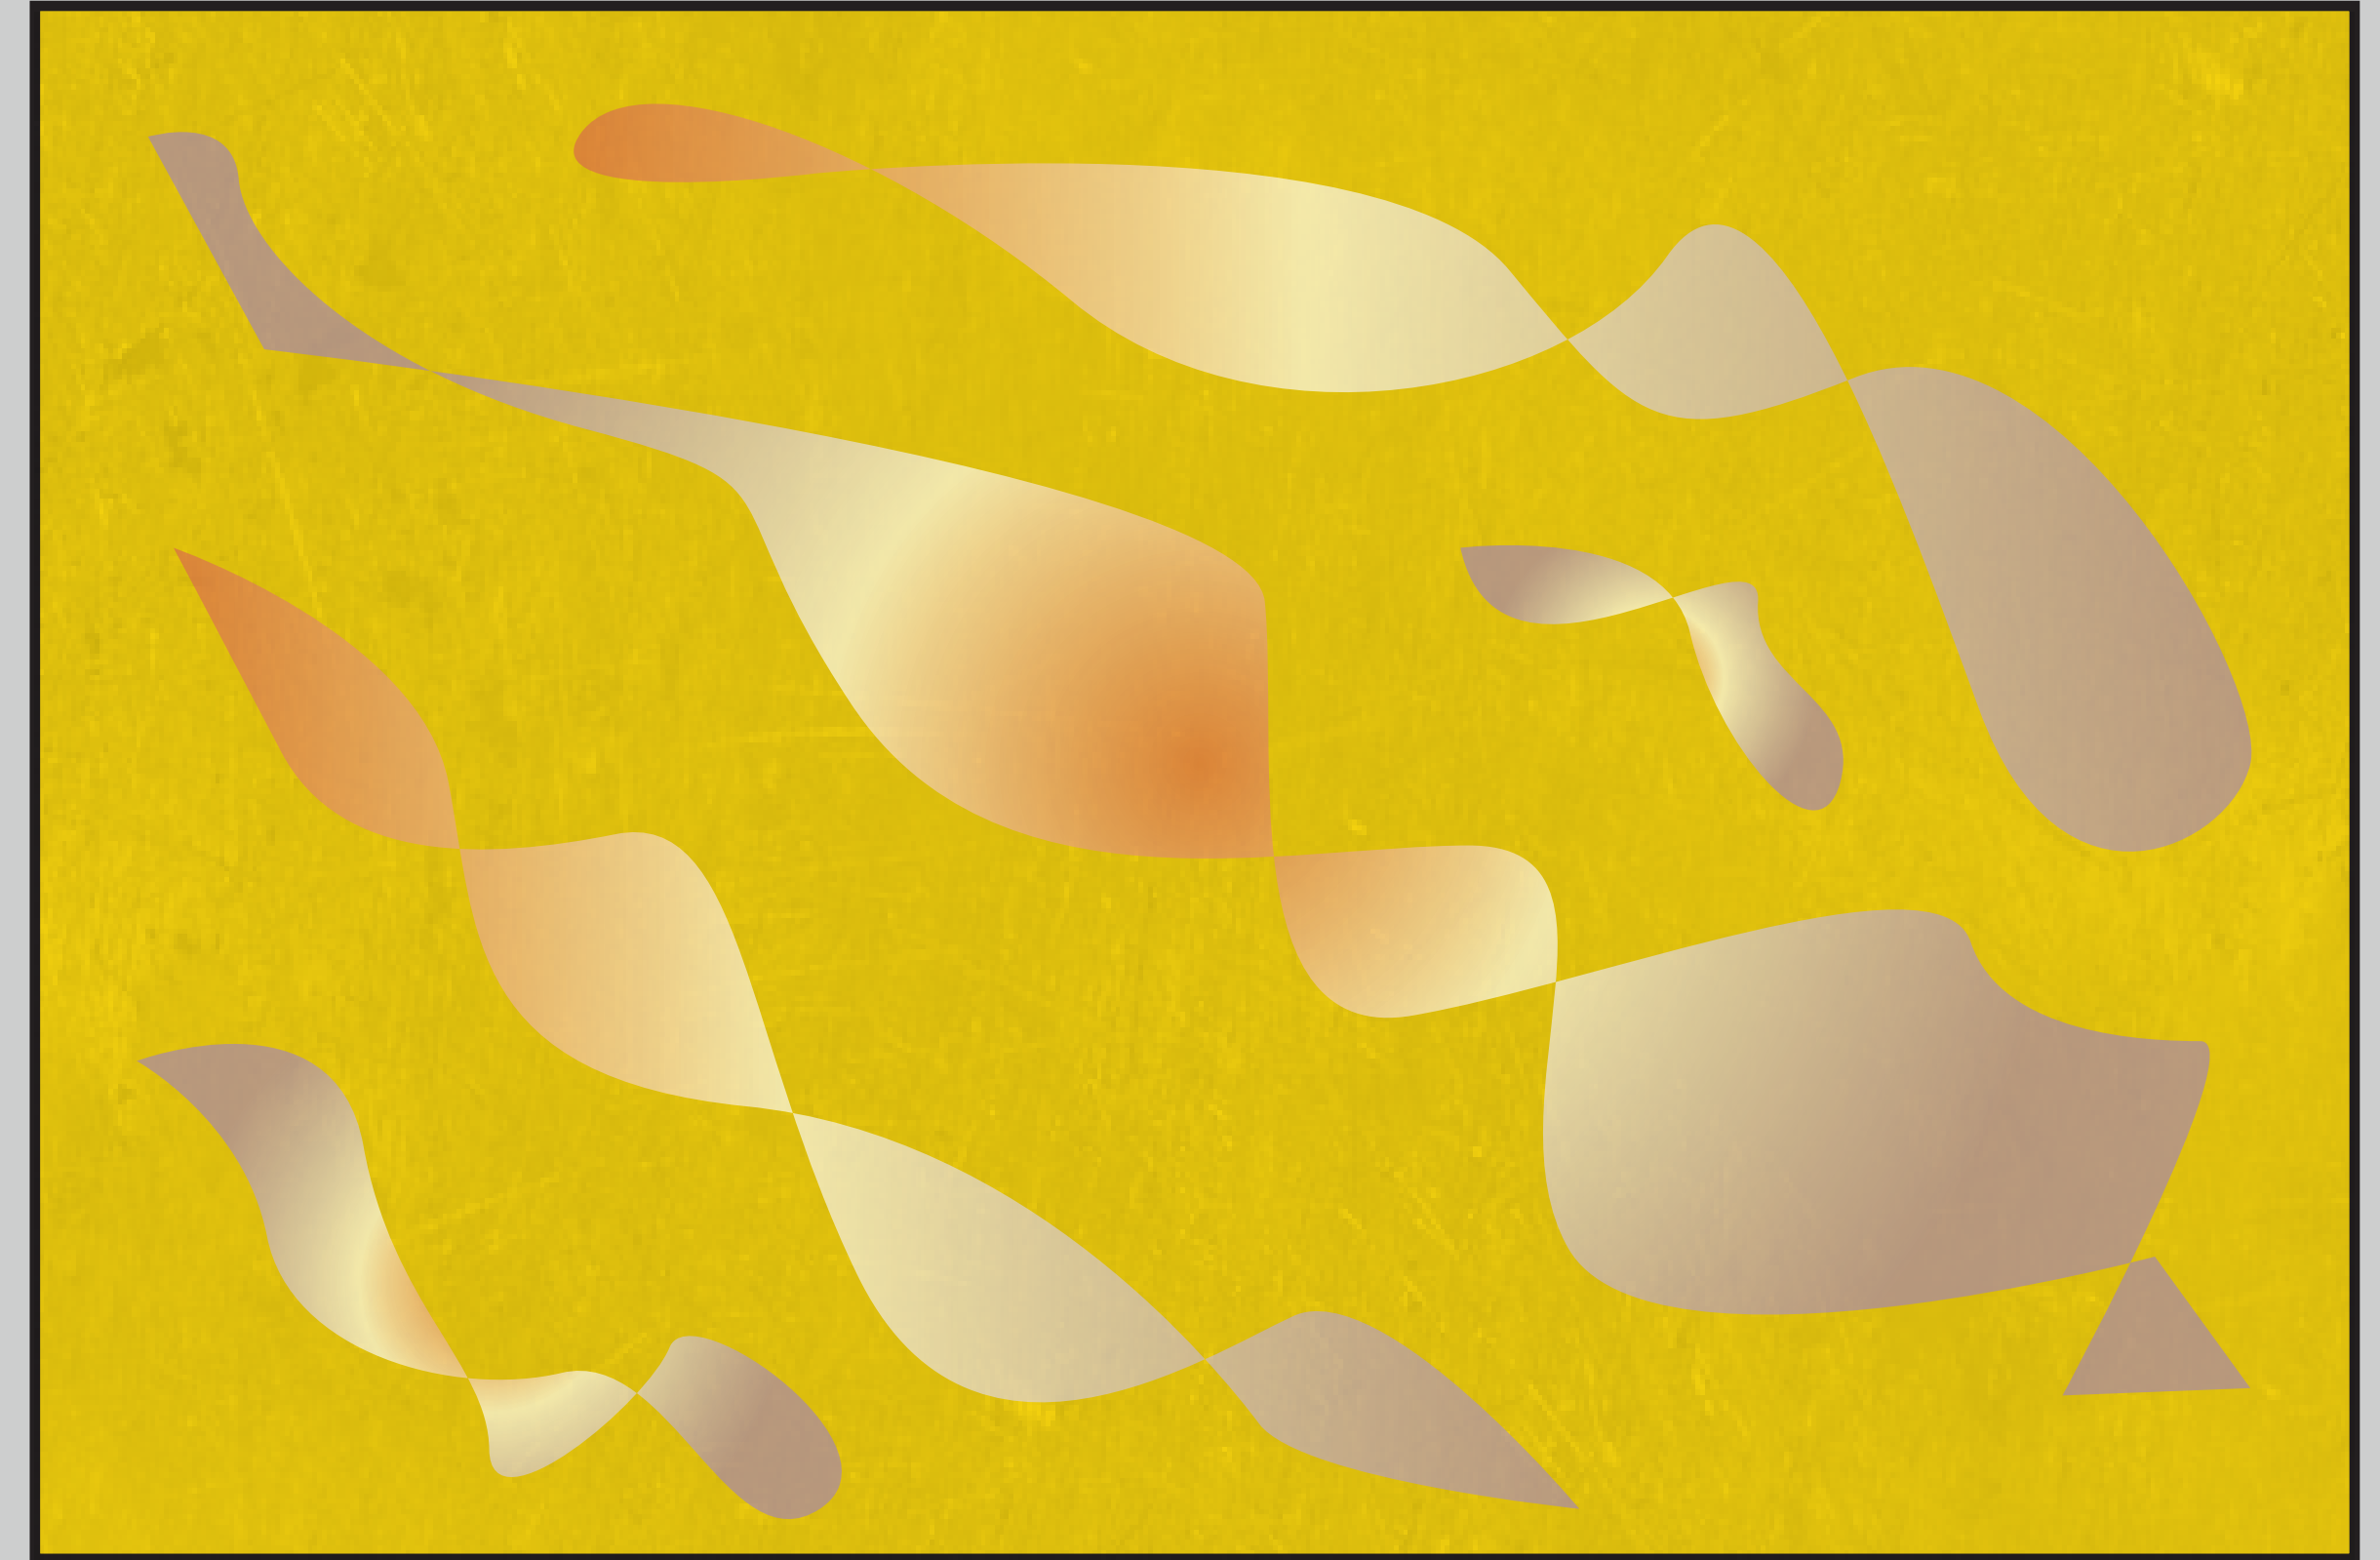

SCENE 14: The pillar goes down. Something from the center comes spilling out.

STYLEFRAME 15&16

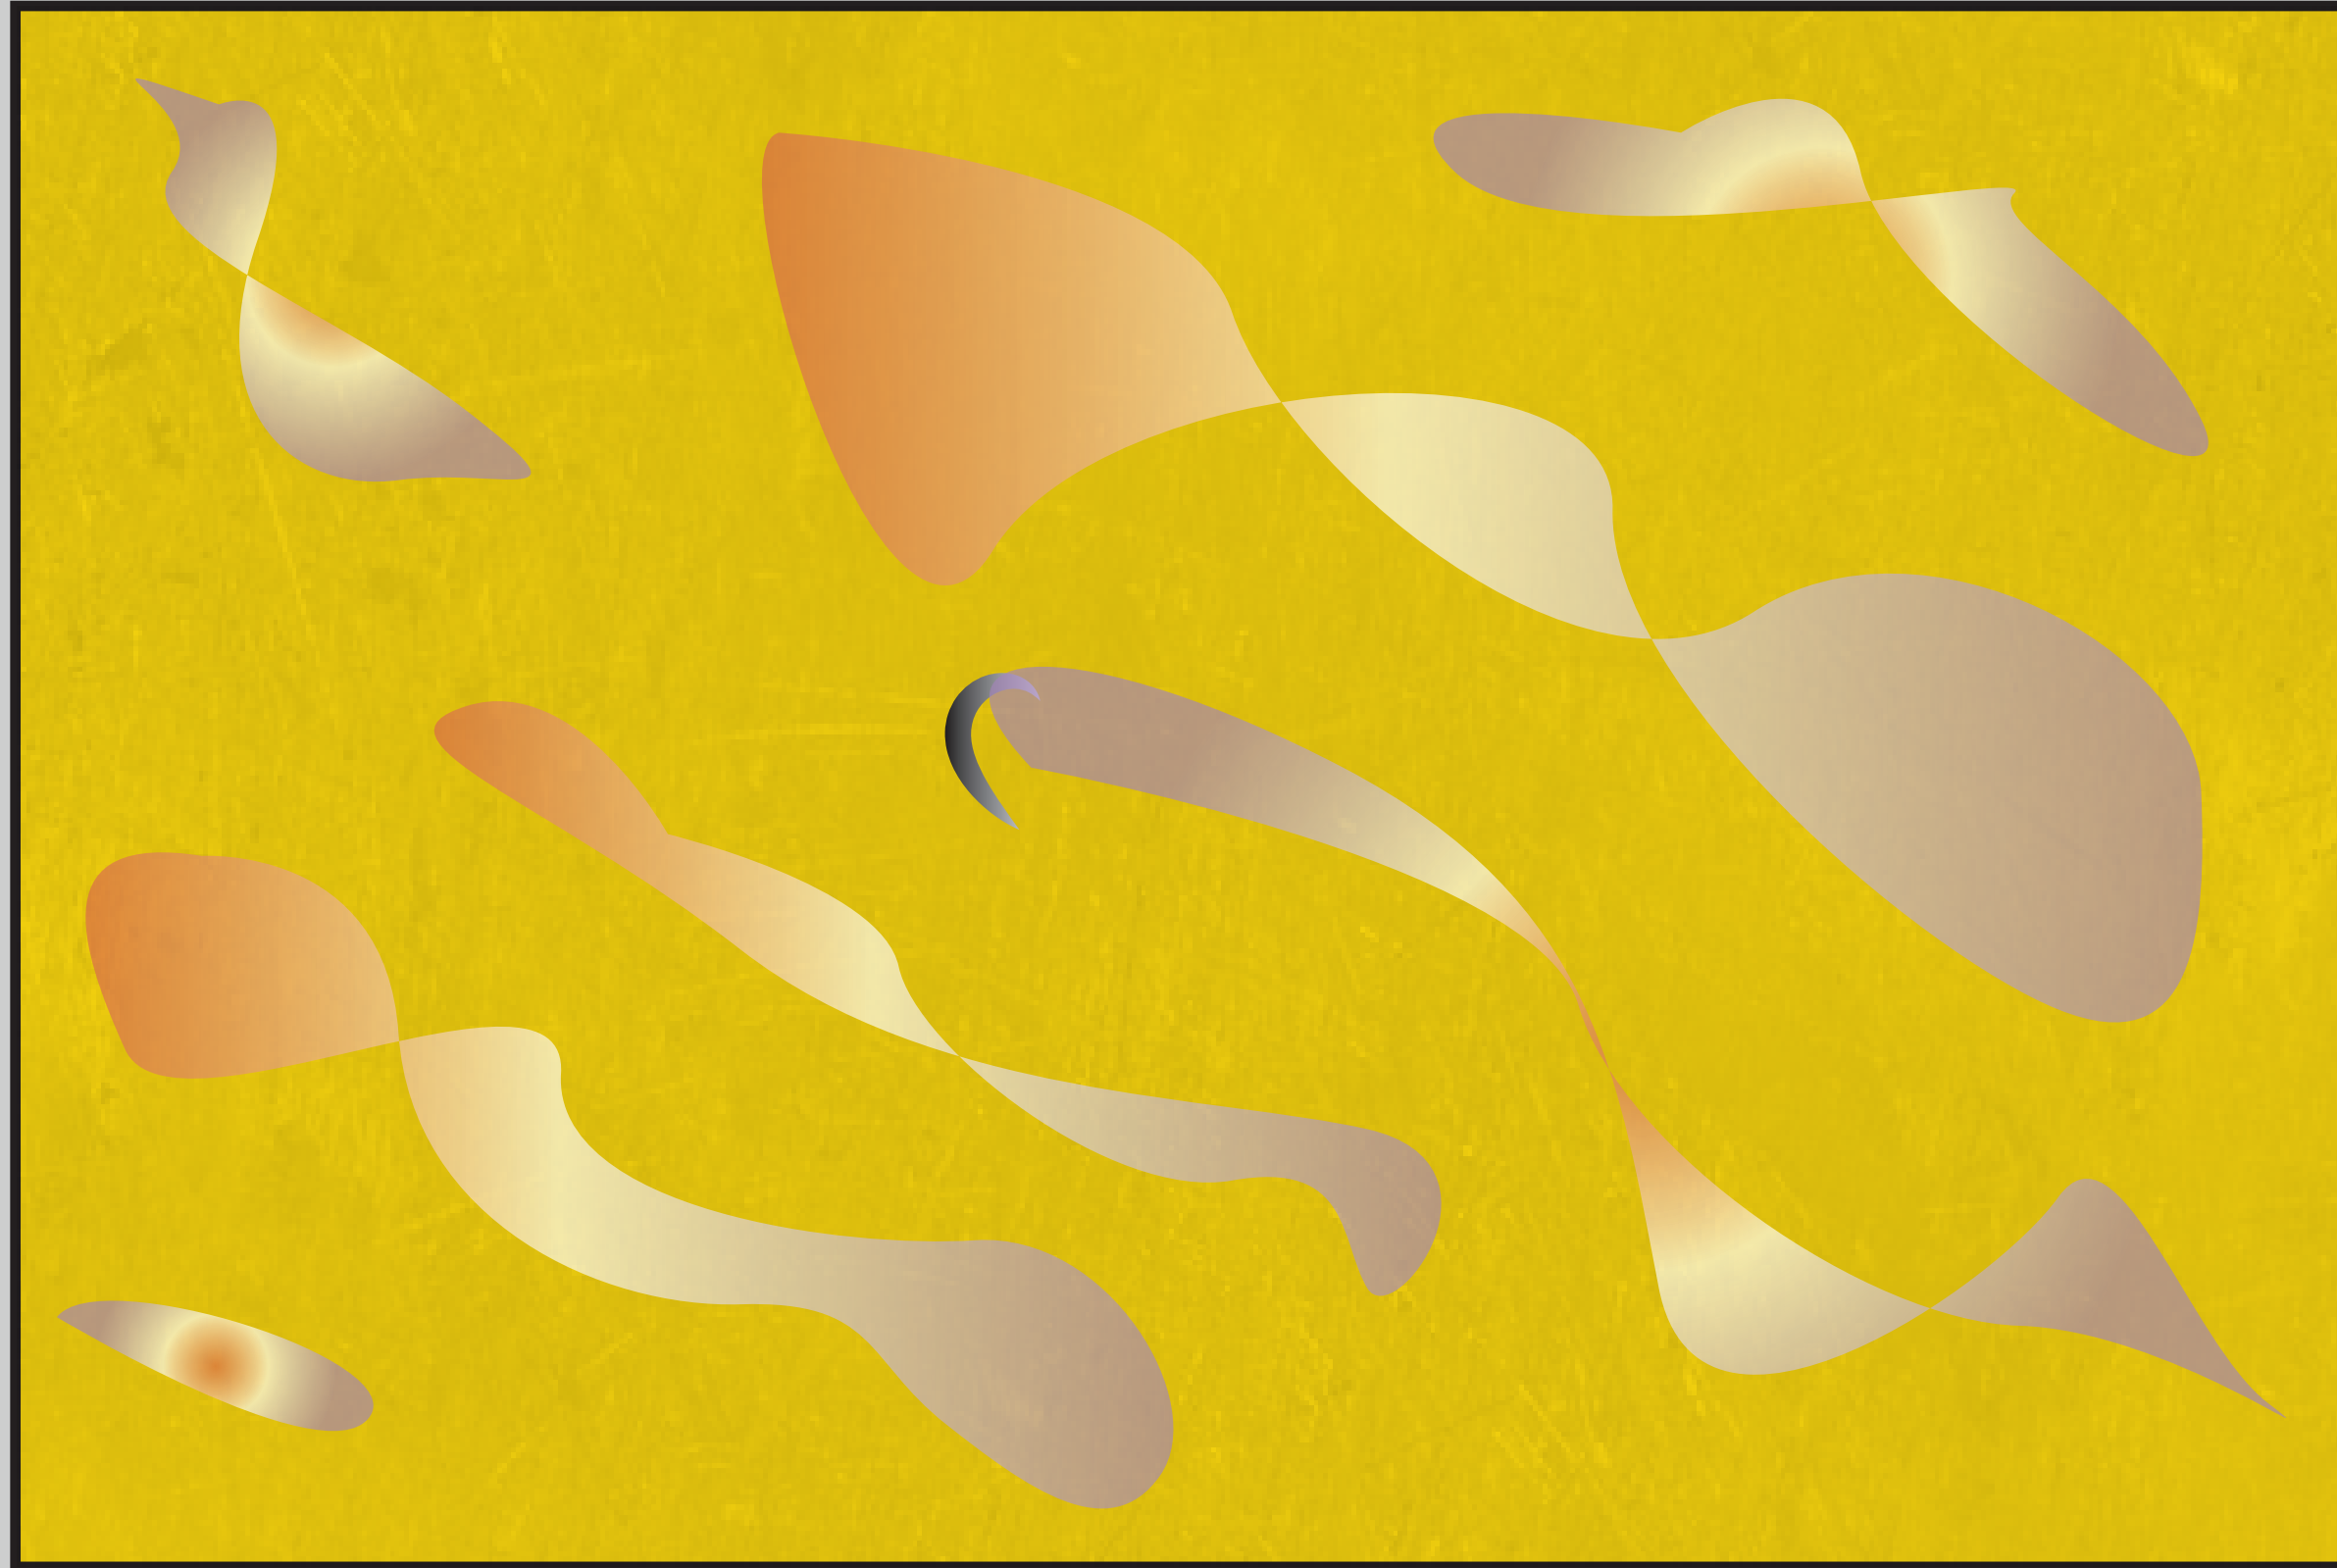

SCENE 15: A whirlpool of oddness will move out from the center as lightning bolts join the whirlpool.

SCENE 16: The whirlpool will turn into an aura of gradient of unknown mist.

STYLEFRAME 17&18

SCENE 17: Something in the aura mist comes pumping out.

SCENE 18: A line heart comes scaling out and keeps pumping like the people's heart wanting to be free.
