**A/C Pro[®] Super Seal All-in-One Stop Leak Provides:**

- All-in-one solution – no need to chase with refrigerant
- Repairs metal leaks in evaporators, condensers, compressors, accumulators and receiver dryers
- Seals rubber leaks in O-rings, gaskets and hoses
- Helps eliminate harmful moisture
- Compatible with lubricants that are commonly used in car A/C systems
- Reusable push button hose that works on self sealing valves
- Will not clog up A/C system or service port when used as directed
- Includes red dye to identify large leaks

DIRECTIONS: With engine off, open the hood and locate the low-pressure A/C service port (on the large diameter tubing between the evaporator and compressor; go to ACProCold.com for help locating your port). Remove the plastic cap from the port and set aside. Start the car and turn on the A/C. Set the fan to highest setting and the temperature to the coldest setting. Activate recirculation mode. Disconnect the push button assembly from service port. Unscrew and remove plastic spacer between button assembly and can. Shake the can. Remove clear lid and attach the recharge hose to the low-pressure service port by pulling the connector ring back as the fitting is pushed on. Press the black button on top of can to dispense. Empty the complete contents of the can and discard.**DANGER!** Contains N-beta-(aminoethyl)-gamma-aminopropyltrimethoxysilane, proprietary additives and 1,1,1,2-tetrafluoroethane. Keep away from heat, sparks and flames. Keep can away from any source of electricity. Do not smoke while using. Do not puncture or incinerate (burn) container. Do not store above 120°F or in direct sunlight. Avoid breathing spray mists. May cause freeze burns. Prevent contact with the eyes. Avoid contact with skin and clothing. Use only with adequate ventilation. Wear safety goggles and rubber gloves when using. Wash thoroughly with soap and water after handling. Immediately remove any clothing contaminated with this product and launder before reuse. **Keep Out of Reach of Children. FIRST AID: Eye Contact:** Immediately flush eyes with water for at least 20 minutes. Get immediate medical attention. **Skin Contact:** Remove contaminated clothing and shoes. Immediately flush with large amounts of water for at least 15 minutes. Get medical attention if irritation persists. **Inhalation:** Move to fresh air. Get medical attention if irritation or other symptoms develop and persist. **Ingestion:** DO NOT induce vomiting. Never give anything by mouth to an unconscious or drowsy person. Rinse mouth with water. Immediately call a physician or poison control center.**¡PELIGRO!** Contiene N-beta-(aminoetil)-gamma-aminopropiltrimetoxisilano, aditivos patentados y 1,1,1,2-tetrafluoroetano. Manténgalo alejado del calor, chispas y llamas. Mantenga la lata alejada de cualquier fuente de electricidad. No fume mientras esté usando el producto. No perforo ni incinere (queme) el envase. No lo almacene en lugares con luz solar directa ni a temperaturas superiores a 120 °F. Evite inhalar los vapores. Puede causar quemaduras por congelación. Evite el contacto con los ojos. Evite el contacto con la piel y la ropa. Úselo únicamente con ventilación adecuada. Mientras lo utiliza, use gafas de seguridad y guantes de goma. Lávese bien con agua y jabón después de usarlo. Quite inmediatamente cualquier ropa contaminada con este producto y lávela antes de volverla a usar. **Manténgase fuera del alcance de los niños. PRIMEROS AUXILIOS: Contacto con los ojos:** Enjuague los ojos inmediatamente con agua por lo menos 20 minutos. Obtenga atención médica. **Contacto con la piel:** Quite la ropa y los zapatos contaminados. Enjuáguese de inmediato con bastante agua por lo menos durante 15 minutos. Si la irritación continúa, obtenga atención médica. **Si se inhala:** Trasládesse a un lugar con aire fresco. Si causa irritación u otros síntomas, y estos continúan, obtenga atención médica. **Si se ingiere:** NO induzca el vómito. Nunca administre nada por vía oral a una persona inconsciente o somnolienta. Enjuague la boca con agua. Llame inmediatamente a un médico o a un centro de control de envenenamiento.
