# HostGator

**Ticket: LDP-50363140**

Hello,

Thank you for your Linux Elite dedicated server order with HostGator. We are happy to inform you that your server has been configured and is ready for use!

Your Domain: [imagew.com](http://imagew.com)

Your Username: root

Your Password: saBeJQC0zikiEe8rYIP5

Your Server IP Address: 162.144.124.74

You can access your WHM by IP until you have updated your DNS.

<https://162.144.124.74:2087>

Your name servers that must be registered are:

ns1.imagew.com 162.144.124.74

ns2.imagew.com 192.163.252.125

For directions on how to register your name servers (required), please read:

<http://support.hostgator.com/articles/hosting-guide/lets-get-started/dns-name-servers/private-name-servers-setup>

For all the information needed to manage your server, including WHM and cPanel please refer to

<http://support.hostgator.com/articles/hosting-guide/lets-get-started/linux-dedicated-hosting/dedicated-server-getting-started-guide>

Your server has been setup with one primary IP address and one secondary. Your Elite server is currently eligible for 4 IPs. Please submit a ticket from <https://support.hostgator.com> under the Dedicated Server category to request these IPs.

Backups are configured for daily, weekly and monthly intervals. Please see the following tutorial if you need help changing the backup settings:

<http://www.hostgator.com/tutorials/dedicated-whm/configuring-backups-in-whm.htm>

Your server features our custom HostGator firewall, which allows for easy firewall management via the WHM firewall section, and QuickInstall by default. QuickInstall is our in-house CMS installer which allows for simplified CMS ( WordPress, Joomla, Magento) installation directly in the cPanel with just a few clicks.

Visit the HostGator Knowledgebase and Video Tutorials section for solutions to commonly asked questions:

<http://support.hostgator.com/>

<http://www.hostgator.com/tutorials.shtml>

If you would like us to move your files over from an existing account, please fill out this form:

<https://transfer.hostgator.com>

To transfer from an existing plan with us be sure to fill out the cancel form if you no longer need the old hosting plan: <https://secure.hostgator.com/cancel.php>

If you have any questions, comments, or concerns, or request additional IPs feel free to generate a ticket at <http://support.hostgator.com/>.
